Daily Intelligence.

WAR WITH THE TRANSVAAL.

It would appear just at present that war with the Transvaal is inevitable. The Boers seemed to recognize this fact weeks ago, when they commenced purchasing munitions of war, because the choice of peace or war lay with them, and a small country like that does not indulge in the expensive luxury of accumulating war materials unless it expects to use them.

It is characteristic of Britishers to sympathize with the underdog in a fight, and in this case the struggle seems to be a hopeless one, but as to the rights of the matter there can be no two opinions.

A good many ill informed persons are being published as to the strength of the Boers in the event of war. We see it stated that they can put an army of 60,000 men in the field in the event of war.

Another "authority" has placed their fighting strength at 92,000. The fact of the matter is that the entire Boer population in the Transvaal is only 100,000.

As a matter of fact, the Boers are not a fighting force, but a small country like that does not indulge in the expensive luxury of accumulating war materials unless it expects to use them.

SNAP SHOTS AT TIMELY TOPICS.

—Those ballot stuffers ought to make a great success as Christians.

—As things are going at Rennes, it would not be at all surprising if Col. Du Paty de Clam were wishing that he had lived up to his name.

—Sir Thomas Lipton's cup challenger Shamrock has been around again. It must be that she is getting the lay of the land before the great race.

—The Dreyfus trial has resulted, so far, in proving that the prisoner has red hair.

—Windsor Recoil.

—And now they are trying to discover the white horse.

—The preacher who won applause at the Democratic State convention in Ohio by praying for the deliverance of the Filipinos from brute force offered the preacher at Ocean Grove who offered 1,000,000 recruits to carry on the war.

—The papers are poking fun at Lily Langtry because she declares that she is seventy years younger this year than she was last year. The Lily is right, however. She has a younger husband now, and she is two years the age, and this one is less than the age of the one Lily was one year before. Newspapers are usually poor tit figures.

—It is a good many years since the "growing lion" began for the great growth of the lion, which is somewhat astonishing to hear of a gathering of 3,000 of that name, which occurred at Flemington, N. J. An address was delivered to them by Rev. Mr. Jones, and as was quite fitting, the records of the meeting were kept by a man named Robinson.

—If the Liberal leaders are not blind they must see where the Liberal ship is drifting. It is going on the rocks, and it will be some time before it is rescued.

—The floating fortresses carry 60,000 shells and have a crew of 2,671 men. They are on duty in the British navy 157 cruises, including 52 armed cruisers, 56,600,000 119 protected cruisers, 145,000,000 119 protected cruisers, 218 torpedo boats and destroyers, and 35 large torpedo vessels. In summing up, Mr. Hurd puts the cost of the British navy at \$540,000,000. If the twenty-seven ships now in process of construction are added the aggregate cost of the British navy will be \$725,000,000. Coming to this question, "What does the navy represent as a national asset?" Mr. Hurd says: "These are the iron walls that in times of need will stand between us and an enemy, which safeguard commerce, protect the colonies, and are continually patrolling the ocean highways. The colossal sum of \$540,000,000 paid out for the navy is a part of the funded capital of Great Britain's formidable system of insurance against a foreign foe."

THE CONDITION OF A YOUNG LADY OF WELLAND.

Subject to Frequent Headaches, Was Pale and Emaciated and Grew so Ill She Could Barely Walk.

From the Tribune, Welland, Ont.

Miss Hattie Archer, of Welland, an estimable young lady, whose acquaintance extends among a large number of citizens of the town, has the following to say regarding the virtues of Dr. Williams' Pink Pills for Pale People:—In the fall of 1897 I was taken with a severe cold, which gradually grew worse until I was so weak I could barely walk through the house. I was very pale and emaciated and finally became entirely incapacitated. Various medicines were resorted to but gave no relief. Later I was treated by two of the best physicians of the town, one said my blood was poor and watery. I followed his advice for some time, but did not improve. Then the second doctor sent me Dr. Williams' Pink Pills, and after thoroughly testing his medicine with me, I gave it up and despaired of ever getting well. My grandfather, who was a doctor, told me much about Dr. Williams' Pink Pills and persuaded me to try them. That was about January, 1898. From the first the results were really marvellous, being far beyond my friends' expectations. After taking five boxes I was more fatigued than when I began, but I was able to walk, and my blood was better. I was able to do my work, and again feel cheerful, healthy and strong. I would further say that the pills were really a blessing to me. Dr. Williams' Pink Pills. I hope that my testimony will prove beneficial to other girls similarly afflicted.

The experience of years has proved that Dr. Williams' Pink Pills are a blessing to all who are afflicted with a weak blood. Dr. Williams' Pink Pills are a blessing to all who are afflicted with a weak blood.

SPORTING NEWS.

Marmora Has a Grievance.
A gentleman sporting himself "Lacrosse" writes from Marmora, Ontario, that the club which he led the Marmora Lacrosse Club when they went to Kingston on August 24 to play a game with the Kingston club. He says that "a jockey" Marmora's captain asked for a list of Kingston's players from Captain Hallett, who was extremely short and sarcastic, and intimated that Marmora was playing a number of Malice men. When the referee and umpire came to be decided on Marmora was told in the harshest tones that Kingston had to take what they got in Marmora, and now Marmora would have no choice in referee or umpire. At last one agreed to let them have all the officials provided goal nets were used, which had brought down from Malice. Strangely enough this was refused. This made it evident that Kingston had purposely planned to win the game and avoid success and to avoid having to put up the \$50 agreed upon for our expenses. A wrangle ensued and a lot of small childish talk indulged in by Capt. Hallett and Dr. Ross of the Kingston team, who were the only ones who did not leave the field. As he hoped, are not representative of the people of Kingston. After a good deal of wrangling the Marmora team were allowed to leave the grounds without granting the use of goal nets.

Our correspondents report that "On arriving at Kingston the team were told that the score would be 5 to 1 in Kingston favor."

"Two of the Marmora team were to be badly defeated. The game would only progress for a few, then a general fight would begin, and our men would be badly used."

"A Kingston went so far as to say that there were stone fields placed at convenient places on the field, and young lads stationed to use them."

"'Retreat' and 'Arabs' told our team 'they would do a thing to them in the afternoon.' 'Five times the Marmora team lined up, but Kingston would not face the music.'"

Said to be a Fake.
William H. Brady, manager of Jeffries, is said to have written a letter to the London Sporting Life, in which he says: "I wish to state positively that there were no moving pictures taken of the recent boxing bout between Jeffries and Firsirotu, and any one who advertises an exhibition of pictures alleged to be true copies or reproductions of what took place at the Coney Island Athletic Club on June 9 is misleading the public, as no such pictures were taken. There was an attempt made during the progress of the fight to reproduce it, but the experiment was a failure."

It will be hard to make anybody who saw the pictures here, on the night of Aug. 23, believe they were anything but genuine. If anything is a fake it is probably Brady's letter.

Writing of Pellar Palmer, the English bantam, an English sporting paper says that Pellar Palmer is the manner born; he has fighting in his blood. Old Pellar has fought a score of battles for a solid side, and met Courtney, the one of his present son-in-law, for a tinner and the champion of Essex. Pellar Palmer's grandfather, a general in Dan McDermott's household with Albea, and his great-grandfather was John Palmer, the celebrated "Scroggy," who fought such men as Tom Becker and Jacob C. Morse, the able baseball critic of the Boston Herald, believes that baseball would be more popular if the big gloves now used by most of the outfielders and infielders were of the same color. The fact is that with these large gloves it is almost impossible to miss catching a fly if the hands are anywhere within reach of the ball.</

THE PONTON CIVIL SUIT.

Judge Street's Action Being Reviewed at Toronto To-day.

Argument in the Case Began Late this Afternoon Before Chief Justice Meredith and Mr. Justice Rose.

(Special to the INTELLIGENCER.)

Toronto, Sept. 7, 11:15 p.m.

Judge Street's refusal at Cobourg to postpone Ponton's suit against the Dominion Bank for \$50,000 damages for alleged false arrest in connection with the robbery of the Bank's branch at Napanee, being reviewed by Chief Justice Meredith and Mr. Justice Rose in Divisional Court here to-day.

Ponton had said his witnesses were not available, but the Bank's counsel had contended that the evidence of the application for adjournment was to delay the civil suit until after all criminal proceedings had been disposed of.

Argument in to-day's appeal began late this afternoon at 4 o'clock, at the Court for Ponton v. The Dominion Bank, Co. for Ponton; J. A. Bylaw for Dominion Bank.

Retrial of criminal case begins at Cobourg before Chancellor Boyd on Sept. 19th.

APPEAL DISMISSED.

Toronto, Sept. 7, 4:15 p.m.—Ponton's appeal dismissed with costs.

Our Fall Display.

The fall display of men's suits at the Oak Hall was never better—either in point of variety or style. We emphasize the fact that our goods are bought in the ordinary way. We select the cloths from which they are made up especially for us. You may depend upon it we get the best. Hold tight on your money until you get to the Oak Hall.

LABORI HAS FAILED

In His Efforts to Obtain the Testimony of Foreign Attaches—

Evidence all in.

By Associated Press To-day.

RENNES, Sept. 7.—Labori's efforts to obtain the testimony of foreign attaches in behalf of Dreyfus have failed. In court to-day the lawyer for the defence announced that neither Schwartzkoppen nor Panzardi could come to Rennes, and requested that a commission be sent to take their depositions.

The court unanimously refused to grant the request. Labori said that both attaches were willing to testify if asked.

The evidence was finished at to-day's session and Major Renard began the speech for the prosecution.

WHAT PEOPLE ARE SAYING

The poor little school boy finds it hard to pore over his books once more.

That the large number of nets in the bay is spoiling the fishing for people who angle as a pastime.

That from present appearances all the necessities of life are going to be high in Belleville this winter.

That the presence of the Cow Inspector is needed on Bridge St. east, where, at the spot called "doctors' corner," a medical man's cow runs at large.

That the people on Moira st. are beginning to wonder when the "man with the shovel" is going to come and take away the mud piles which ornament that thoroughfare.

That two people were hurt last night. It is to be hoped the authorities won't wait till somebody is killed.

That Belleville's streets are making it famous.

A few days ago a book agent was, in the pursuit of his occupation, riding a bicycle on some of the country lanes in Tynesburg.

He was asked by the driver of a rather rough riding. "Oh no," he said, "after a fellow has got pretty well used to Belleville's streets he can tackle anything but a rail fence."

That it doesn't appear of much use to talk, but there are two planks out of the sidewalk on Moira st., near the upper bridge, and coming to the large tree shading the electric light, the spot is a dangerous one. If the street department can't put the sidewalks in repair they should put up a sign "dangerous."

That some parties are laughing at the mistakes which appeared in a certain City paper last night about a wedding that occurred on Tuesday. They got the groomsmen mixed up with the groom, had the wrong minister officiating, and said that the groom's aunt, a lady of this city, was his sister. Outside of these few discrepancies the item was quite correct.

That some of the Methodists of this City are anxious to hear a little more about the Committee which has been appointed to look after the Dundas st. burying ground.

A prominent lady of Bridge St. Church yesterday thanked The West-Intelligencer for efforts in that direction. Some of the local followers of John Wesley think part of the Twentieth Century fund might be devoted to that object, but from the enthusiasm which the majority of them display it would appear that the Twentieth Century Fund will be the one drawn on.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest, and I can now sleep soundly, something I have scarcely remembered doing before. I feel like shouting its praises throughout the United States." So will everyone who tries Dr. King's New Discovery for any trouble of the throat, chest, lungs, or larynx. HAPPY SEPTEMBER BRIDES

Weddings Ongoing in the City and District.

GOLDEN SMILE.

The residence of Mr. J. V. Snider, Foxboro, was, last evening, the scene of an event that many had looked forward to. It was the marriage of his daughter, Miss Letitia, to Mr. Frank H. Gould, of Plainfield, son of the late Mr. E. N. Gould.

Over one hundred invited guests were in attendance to witness the ceremony, which was performed by Rev. R. Duke and Rev. F. J. Anderson as assistant. The bride was assisted by Miss L. Wright, of Tweed, and the groomsmen were Mr. Mark Snider, a brother of the bride. After the nuptial knot had been tied the guests partook of a sumptuous wedding repast. The groom's present to the bride was a beautiful ladies' gold watch and chain, and to the bride and groom a handsome gold pin. The young couple are well known and have a host of friends who will join with us in offering congratulations. Mr. and Mrs. Gould will take up their residence in Plainfield.

THORNTON SIMMO.

At 7:30 yesterday morning at St. Peter's Church, Belleville, Miss Susan Nimmo, daughter of Rev. Dr. Nimmo, Anglican clergyman of Rawdon, was married to Mr. Albert D. Thornton, of Montreal. Venerable Archdeacon Bedford Jones performed the ceremony in the presence of the immediate friends. The bride was bridesmaid, and Mr. Linton, of Campbellford, brother of the groom, was best man.

LINTON BAKER.

A quiet wedding occurred this afternoon at the residence of Mr. Wm. Baker, Caniford Road, when his daughter, Miss Madge, was married to Mr. A. Linton, of Madoc, a former well-known young man of this City. Only the immediate friends of the couple witnessed the ceremony.

The ceremony was performed by Rev. C. J. H. Hutton, rector of Christ Church. Miss Baker, sister of the bride, was bridesmaid, and Mr. Linton, of Campbellford, brother of the groom, was best man.

HOLLEY REID.

Mr. Wm. Holley, plumber, of this City, and Miss Georgie Reid, daughter of Mr. G. Reid, Church st., were married in Toronto last evening. Both are well-known young people in the City. The groom is a valued member of the I.O.O.F., and his many friends here will join in congratulations. Mr. and Mrs. Holley will return to this City to reside.

KETCHESON-HUFFMAN.

A wedding took place yesterday afternoon at the village of Foxboro, when Miss Emma Hoffman, of that village, became the wife of Mr. Wm. Ketcheson, a yeoman of the Township of Thorburn. The ceremony was performed by the Rev. Mr. Sesamith in the presence of a number of invited guests. The young couple will take up their residence in Thorburn.

The Best Judges

Concede Quick & Robertson's to be the best clothing for the money. Our clothing is, if not, we alter it until it does. It is correct style—style that is to-day, not of yesterday. It is thoroughly well-made—the very best of material and the most artistic tailoring. It is economical; one price and that the lowest.

A SERIOUS ACCIDENT.

Two Ladies and a Gentleman Suffer From the Carelessness of Somebody Connected With the Street Cleaning Department.

Some time ago Moira st. was "cleaned." That is to say, the street was scraped, left a pile and left there. In the graphic language of our informant it became "petrified" and is now as hard as a stone. Last night about 8 o'clock a gentleman named Laks O'Neill, in company with two ladies, was driving on Moira st., and, in the darkness, drove right on to the pile of mud. The horse became frightened and nearly upset the buggy, the ladies and driver were thrown out, and the lady had a finger broken and Mr. O'Neill had his back hurt. The horse ran away and tore the road clean out of the buggy, but the accident before any more damage was done. Quite a chapter of accidents.

A Chance for Investment.

Among the opportunities for investment which have recently been offered to the Canadian public, none has had more attractive features than the one for the purchase of a preference stock of the Canadian Cycle and Motor Company, of which two million dollars' worth are now open for subscription at the Toronto and Montreal offices of the National Trust Company, and at the head office and branches of the Canadian Bank of Commerce. People who have been forced to content themselves with three per cent. allowed on bank deposits are now able to place their money at seven per cent. and thereby enjoy the advantages of the highest commercial value in stability and solidity. The leading manufacturing companies of Canada, whose business, together with the accompanying growth, is rapidly increasing, have been awarded for their skill and enterprise a large and increasing share of the business of the country. The immense economies to be effected by combination will further increase the returns upon the invested capital, and thus raise the value of the shares. The new company is the Canadian Cycle and Motor Company, the vice-president, Senator Geo. A. Lusk, and these gentlemen are assisted by a thoroughly competent board. If any assurance respecting the value and stability of the shares is required, it is furnished by the character of the men who control the new organization.

Autumn Beauties.

This is the correct name for Oak Hall's new fall suits. Bring your critical eye to the test, and tell us what you think of the suits we are selling at \$25, \$30, \$40 and \$50. They are just a little better, just a little newer, just a little "something" that makes them more desirable than those you got elsewhere.

Fingers Crushed.

Mr. James Oney, yardman at the "T. T. mill," while coupling cars on Tuesday morning, crushed the fingers of his right hand between the wheels of the mill.

THE MUNICIPAL CONVENTION

Reform in Government of Municipalities Advanced a Stage.

Mr. J. A. Culham of Hamilton, Ohio, Told How the People's Money Was Saved by Having a Commission Instead of Council—The Way They Do Things at Belleville, Ontario, Now—Resolutions Passed.

Hamilton, Sept. 7.—Yesterday morning's session of the municipal convention was presided over by Mayor Foster, with a much larger attendance than yesterday. J. A. Culham read a paper on "Municipal Reform in the United States." The paper dealt largely upon the development of municipal government improvement as found in the United States, speaking particularly of Hamilton, Ohio, where the board of aldermen was wiped out and the government of the city put in the hands of five commissioners, who, in the first year of office, saved in civic expenditures some \$20,000. Mr. Culham followed this with a resume of the municipal reform in Hamilton, Ohio, and suggested the appointment of a committee to consider the advisability of forming a Canadian municipal improvement league in Ontario.

Report From Special Committee.

Following the paper came a report from the special committee appointed to consider the resolutions presented yesterday. The report was as follows:

That, in the opinion of the convention, the Assessment Act should be amended so as to distribute the burden of taxation more equitably, and with this end in view, the assessment of personal property should be made without regard to the debts owing on account of it.

That the tax on the value of the property should be made in the assessment of the property as a going concern, and not as a liquidated asset, and that the assessment of the property as a going concern should be made in the assessment of the property as a going concern, and not as a liquidated asset.

Great Britain's Proposal Un-acceptable to the Transvaal.

The question of the Transvaal, in the view of the British Government, is a question of the Transvaal's future. The British Government has proposed that the Transvaal should be a self-governing state, but the Transvaal has refused to accept this proposal.

London, Sept. 7.—Mr. Chamberlain has received a reply from the Transvaal Government to his proposal that the Transvaal should be a self-governing state. The Transvaal has refused to accept this proposal.

SURE SIGN OF DEATH

NO DANGER OF BURIAL ALIVE WHEN IT SHOWS ITSELF.

Although It Is Possible in Some Cases to Survive the Cause of Death, There Is Little Chance of Mistaking the Dead For the Living.

Two recent cases of lethargic sleep in Paris, both of which narrowly and by a narrow accident escaped premature burial, have induced the Parisian Medical Corps to report the effect made some years ago of a paper of consideration on the subject of death, which is evident and practical.

Medical men doubt if this prize will ever be awarded, for they say, with respect, that it is with death as with disease, one cannot come to a decision with any certainty without a complete examination of the whole organism.

Without a complete examination of the whole organism, the appearance of which in winter is frequently much retarded, there is a possibility of mistake, and the body is not so much stimulated in the state of certain cases of lethargic sleep.

Unquestionably danger lies in the immediate entombment, which would at once destroy any latent signs of life. For this reason the French Medical Corps desires some infallible test which will enable the physician to detect the appearance of death. Regarding this problem, the physician says:

"One of the first signs of dissolution is the cessation of the cardiac pulsation, and it has been established that after 20 minutes at the most life is extinct."

"It is well to know that without any conscious effort the heart can be ascertained to stop, and that it cannot be detected by the ear."

"The dilating of the pupil is a difficult observation for persons unaccustomed to the use of the ophthalmoscope, and the very fact of opening the eye to make the observation may obliterate the dilation."

SNAP SHOTS AT TIMELY TOPICS.

It is now claimed that Dreyfus is a Free Mason.

Melting Mercuries is becoming about as common in the South as melting negroes.

New Yorkers should restrain their pride over the fact that the native buncle overtook more than \$3,000,000 in the last year until they hear from Chicago.

If the French Government will only use one of the new automobile fire engines to pump water on the Guiridine, the latter may capitulate with some honors.

Indiana prohibitionists who dynamite saloons have been shown the danger of setting a bad example. A clergyman in Lopez, Ind., who has been carrying on an agitation against the saloons of the town has had his house and church blown up by dynamite.

That young woman who came to this country in the steerage in order to save money, although her sweetheart had sent her enough to pay for a first class passage, established a dangerous precedent. It is likely that the husband-to-be will give her money for steerage passages hereafter when she wishes to travel first class.

BEST FOR THE BEST

Naturally the boys have kicked out their shoes during the summer. Now it's school time, and new shoes must be provided.

Our "little men's" Perfect Shoe will give a delight to those who wear them and a satisfaction to those who pay for them. They are made for hard wear, but always look well. Price \$1.25 and worth it.

Worth Ten Dollars a Bottle.

Any person who has used Polson's Nervine, the great pain cure, would not without it if it cost ten dollars a bottle. A good thing is worth its weight in gold, and Nervine is the best remedy in the world for all kinds of pain. It cures neuralgia in five minutes; toothache in one minute; lame back at once; headache in a few minutes; and all pains just as rapidly. Small test bottles only cost 10 cents. Why not try it to-day? It cures 25 cents, sold by all druggists and country dealers. Use Polson's Nervine as a pain cure—Nervine.

Police Notes.

A Bible and two Sunday School papers were yesterday found at the park. They are at the police station awaiting an owner.

The Chief has 40 cents which was left with him by a lady from the country who received it in payment for a pair of chickens which the purchaser failed to call for.

Strayed from Home.

Chief Newton received a telephone message from the Chief at Cobourg asking the police to be on the lookout for a man named John McMahon, a mute, who had left left town rather suddenly. His friends are anxious to find his whereabouts.

Relating to the Sad Death of Dr. George T. Emerson.

The following, from the Boston Herald of the 8th inst., gives further particulars of the accident which befel the late Dr. Emerson:

"Word was received in this City this morning of the drowning, yesterday, of Dr. George T. Emerson, a dentist in the Piers building, Copley square. Dr. Emerson lived in Allston.

"A later dispatch from Greenville, Me., says that Dr. Emerson had been fishing in the vicinity of Kineo for several days. Yesterday he and a guide went out in a canoe on Indian pond. The doctor, while standing in the craft, lost his balance and fell overboard. The guide made an effort to save him, but was unsuccessful. He was about 55 years old and rather fleshy. His wife accompanied him in his camping trips.

Nice Fall Overcoats.

This is the weather for a nice new fall overcoat and the Oak Hill is the place to secure it. Come and see the new coats we are showing. Just opened this morning a new line of worsted hosiery, brown color. The latest cut and only \$10.00. Perfect fit.

Rev. Dr. Workman's Case.

Toronto Star: The whole case is so simple. A noted scholar, stammered and mispronounced for years, asked in God's name for an opportunity to vindicate himself, to set himself right in the eyes of the intelligent members of the great church to which he belongs. Every man with the slightest notion of justice and fairness would be inclined to grant the request of Dr. Workman for a fair hearing. Yesterday, however, this Court of Appeal said no, and their decision is the most shameful piece of injustice that has ever stained the judgment books of Canadian Methodism.

The Best Judges

Concede Quick & Robertson's to be the best clothing for the money. Our clothing fits; if not, we alter it until it does. It is correct in style—the style of to-day, not of yesterday. It is thoroughly well made—the very best of material, and the most artistic tailoring. It is economical; one price and that the lowest.

A Mistake.

A rumor became freely circulated upon the streets this morning that Mr. John Bell, Jr., was so seriously ill that his life was despaired of. Upon enquiry we learned that that was not the fact, and that he again had a hemorrhage, but to-day his condition was improved.

WHAT PEOPLE ARE SAYING

That one of our most popular dry goods clerks is going to start business for himself in a neighboring village.

That the Saturday night large sales are a popular institution in Belleville.

That the market gardening industry has proved very profitable during the past summer.

That a month or so ago attention was called in these columns to the dangerous condition of the south side of the footbridge. No notice was taken of it. Yesterday two young ladies tore large rents in their dresses through coming in contact with the nails which stuck out there. Ladies who cross the footbridge should be careful.

That the fact of the Smead-Dowd system being declared, by Judge Macdougall, a violation of the Toronto plumbing by-law is enough to make the Belleville School Board institute a few enquiries.

That the sidewalk got in their work again yesterday. A lady was going to Sunday school on the sidewalk. Somewhere stepped on the end of a loose board and the lady got a bad fall. Moral: "Keep in the middle of the road."

That the ladies are anxiously waiting for the fall millinery opening, but the gentlemen look on them as "breakers ahead."

That the consensus of opinion in Belleville seems to be that if a man can't preach a good sermon in half an hour he can't preach one at all.

That a certain young man went to the Toronto fair with a clean collar and a ten dollar bill. He stayed there a week and changed neither.

That a newspaper man in Kingston claims he prays harder than any other man in town. We will risk the opinion that certain Belleville newspaper men are past praying for.

That the Kingston Whig ran more to truth than poetry when it printed the following on Saturday night: "Why, just look at Belleville! here's the Quinte house, a modern hotel which eclipses anything we have in this city."

That the question "Shall American currency be taken at par" is an important matter with some of our merchants just now. Some take it, some don't. It would be a good thing to have an unanimous agreement arrived at.

That everybody who has learned to ride the festive bicycle will have a fellow feeling for a good-natured son of Algonquin who resides on Front at near the Canadian road. It is just mastering the art of riding the steed, and this morning told a friend of a funny incident which befel him. "I was coming down Front this morning," he said, "and saw a fellow with all of a sudden, without a moment's warning, one of those trees in front of the Mac Machine Company's building came right out in the road and knocked me off the blooming wheel. He intends to keep my eye open for that tree after this."

THE TRUE ROAD TO HAPPINESS

Is Plain Before Those Who Earnestly Seek Divine Aid.

Practical and Helpful Sermon by Rev. M. W. Maclean on Sunday Morning—Notes of Services in Other Places of Worship.

At St. Andrew's Church yesterday morning, the pastor, Rev. M. W. Maclean, occupied the pulpit and delivered an earnest and able discourse, the theme of which was "The True Happiness." There was a good congregation, and the sermon was listened to with close attention. In his opening prayer the Rev. gentleman bade us to seek divine aid for the British Empire, referring especially to the present Transvaal trouble and invoking divine guidance towards a peaceful solution of the affairs. After the usual devotional exercises the sermon was delivered, the text being taken from Job, 11th chapter, 13, 14 and 15th verses. The following is a synopsis of the Rev. gentleman's discourse:

If thou prepare thine heart and stretch out thine hand toward Him, iniquity be to thee; and thou shalt not fear. For then shalt thou lift up thy face without spot, thou shalt be steadfast and shalt not fear.

In these verses we have set out before us the true road to happiness, and true happiness will follow those who earnestly seek the Lord. The preparation of the heart is the first step towards the true religion. Religion begins with meditation, thought and planning. Thoughtlessness has ruined many lives. Too little consideration is given to religion. We, by nature, are adverse to what is good and the teachings of God. No man, however, with common sense, is satisfied with his position in life until he asks whether he is right or not. How thoughtful the true and successful business man is about his earthly affairs. If we are thus so thoughtful of earthly affairs how much more needful it is that we should be thoughtful of the life that is to come. The interests involved in the life that is to come are of such importance that they should claim our most serious consideration. It is a matter that touches our soul's vital interest. Every person must either accept or reject the offer of God for eternal salvation. True it is that so many are neglectful of this important fact; they are neglectful of God, who so beautifully promises that we may have our hearts right with the goodness of God. The sun shines, spreading its warmth upon the earth, the rain that causes crops to grow, how provident and beneficent is God's goodness. All nature proclaims the care of the Eternal Father over us. If we are to live forever in a consciousness of happiness, then we must have our hearts right with God. The scriptures tell us this. Man is not the outcome of mere chance, but he came from God, a perfect man, and is sustained and preserved by God. We should consider these truths and be actuated by them. Should we not give to Him the love of our hearts and work in His service? The human, justness and goodness of God should be seriously considered by us all. If the scriptures are true and are the words of God, we must then recognize that there is something more than struggling for mere temporal success. There is comfort and peace of soul in religion. It is the life of God in the soul, and will last present the soul blestness before Him. There can be no neutrality in this matter. God says that whoever is not for Him is against Him. We are to approach God through His Son, who died for us that we might live. Christ, the God man, has a feeling for our infirmities, knowing our weaknesses. Christ has purchased our redemption with His own blood. He suffered and died for us. Almightiness is on our side. The Lord will ever be on our side. This will help us. God grant that all may partake of His divine love.

ST. THOMAS CHURCH.

At this place of worship yesterday the services were of an inspiring and thanksgiving nature. It was the annual harvest home service, and the interior of the edifice was beautifully decorated with flowers and boughs.

At the morning service, Rev. A. Stinson, of this City, preached, and in the evening Rev. J. H. Haskins, of the City, preached. The services were rendered by Miss Dams, of Brooklyn, N.Y., and Miss S. Hungerford, of this City.

HOLLOWAY ST.

Rev. O. W. Hatch, pastor, preached at both services yesterday, and his discourses were of a high order. There were good congregations present at both services. An especial feature of the services was the singing of Mr. J. S. McMurray, who rendered solo at both services, which were appreciated by all who were present.

ST. MICHAEL'S.

At the morning service Father Connolly delivered a practical, scholarly discourse to a large congregation. At High Mass Mr. J. Norin Doyle sang "Ave Maria" in a highly impressive manner. Special services will soon be inaugurated for a short season.

BAPTIST CHURCH.

Rev. V. H. Cowart, pastor, occupied the pulpit at both services and delivered two very impressive sermons. The morning topic was "The Resurrection of Christ" and the evening "Hiding from God."

ST. JOHN'S CHURCH.

The Rev. Rev. R. D. Dean Bogert, preached yesterday at both services and his discourses were of a high order. Good congregations were present at each service.

REFORMED CHURCH.

The Rev. Rev. J. Gilliland preached in the morning and Rev. Geo. Worell in the evening. This will be the last appearance of the last named gentleman in a Belleville pulpit for some time, as he returns to Philadelphia shortly. His sermon was much appreciated.

UNITED METHODIST.

At this place of worship yesterday Rev. U. E. McIntyre, pastor, occupied the pulpit at both services and delivered two soul

Berlin, Oct. 28. Sept. 11 Court opened
at 11:30 a.m. on Saturday, Mr. O. H.
Walper was the first witness. His wife
Rosaire, 37, was called to the witness
box. Mr. Harry Brown, clerk at the
hotel, testified to the presence of Alois
Smith.

Hon. E. J. Davis, Hart, Harcourt, Gil-
son and the Premier.

The prosecution is appar-
ently to connect one or more of the
sitting in high places with corrupt ac-
tivity.

Mr. Brown was the last of a
group of men in question consorting together
during their stay.

Mr. Brown took objection to

form of dance, as he did not see the necessity of going on further without first establishing agency.

His lordship ruled otherwise, and Jacob Steppler was then called.

On charge No. 50, Jacob Steppler, accused, said he was approached by Bissard and offered \$10 to vote for Brothman.

"This was paid to me on the 21th of May."

Barney Schmuck Got \$35.

Barney Schmuck swore Bissard, who in Welsenberg, promised him \$25, which sum he received through a third party some time after.

J. Lauber was then called, and swore he got \$75 from Bissard, but on con-

Frank Scherer, next called, sworn, said he is a voter in the township of Waterloo, N. Y., and that he had been called to the poll; was visited a week or ten days before the election by Bosard, who asked him how he was going to vote. He told him he intended to vote for Lackner. He then offered him a bribe of \$250.00. Bosard said, "I will take it if you will give me your name and address." He gave him his name and address, and Bosard said, "I will take it if you will give me your name and address."

by appointment and received \$35. In company with Barney Scherer, who also got \$35. I also got \$10 more from my brother, Barney, some time later, who told me it was from Bossard; told me I would pay me \$5 for every vote I changed. I offered Peter Erlar \$3 to vote for Mr. Breithaus. He said he would take it. I also asked Ignatz Roth to vote for Breithaus, but offered him no money.

\$5 a Vote.

Barney Scherer went back to Bossard called on him a week or so before the election; they talked while over cloth matters and Bossard invited him to come to his hotel and gave him \$25, and said

Another Scherer in It.

George Scherer, sworn, said, I hire the township of Woolwich. Bossa promised me \$50 now, and \$100 more when the election comes. I got \$50 now. Our poll was increased by ten over in election. He gave me the \$50. After the election I got \$100 from Bossard. I kept \$140 in all, and gave Joe Lauer \$10, as he did not buy any votes. When asked

Witness said he was Scullen and was a lawyer. He said Scullen was to tell him that he was liable to a fine and imprisonment for accepting bribe money at a election.

Hitzer and Scullen are the local lawyers in the interest of Mr. Breithaupt.

Afternoon Session.

William Brohmman, farmer, near Wausenberg, sworn, said he received \$10 from Frank Schrier for his vote for Breithaupt.

Peter Krier said he was offered \$3 by Frank Schrier to vote for Breithaupt.

Mr. McPherson then renewed his motion requesting two other charges on the bill of particulars. His application was sustained.

George Heller, who lives in Wellesberg, said he got 87 two days after the election, from Barney Schmuck. He did not say what it was for, and he did not ask.

The court then adjourned till Thursday, 10 a.m., Sept. 21.

FELL FROM A PEAR TREE.

Young Lad Falls Twenty-five Feet and
the Consequences May Be Serious.

A lad named Ernest Fry, son of Mr. O. Fry, residing on Turnbull street, was yesterday afternoon the victim of an accident of which at the present it is difficult to tell the result. He was engaged in picking pears and was up in a large tree near the top, when a limb broke off and he fell heavily to the ground, a distance of about 25 feet. In his descent the boy endeavored to grasp a limb and did so, but it was a small one and it also broke. Ernest struck upon his head and shoulders and was rendered unconscious. He remained in this condition for some hours and has since been in the hospital. Two local physicians were called in, but they are at present unable to tell fully the extent of the lad's injuries.

This morning the unfortunate lad was removed to the hospital. The physicians in attendance this afternoon were still unable to say definitely what the outcome of the case would be. The boy is no doubt hurt seriously about the head and his spine is also injured.

AN INDIGNANT
REMONSTRANCE.

To a Sensational Article Which Appeared in a Local Paper.
To the Editor of THE INTELLIGENCER.

DEAR SIR,—Will you kindly publish the following:
A week ago, your down-town contemporary published an article which might tend to bring discredit upon servant girls generally. This was the gist of it: A certain member of the "Servant Girls' Association" (something new) had, in the absence of the family, invited quite a crowd of both sexes to come and have a good time in her employer's house. They came: the fun was monstrously uproarious; a disgrace to the neighborhood, and continued all night by moonlight (the moon was three days old). After thumping upon the piano, having a big dance on the parlor carpet and cleaning out the poultry, etc., the party broke up.

The said servant girl did invite a few friends, mostly female, and she provided for them, and they broke up by midnight, early enough, after having a quiet time.

As to thumping on the piano and dancing on the carpet, such luxuries were inaccessible, the house being securely locked from the door to the kitchen.

So much for slurs and lies, tending to defame the character and integrity of the servant girl.

Why should not those who do the work be entitled to a little pleasure, harmless, even if indulged in?

Thanking you very much, I remain,
A SERVANT GIRL.

WHAT PEOPLE ARE SAYING

That just at present the coming trial of Cobourgh overhauls everything else in public interest.

That among a man's best friends, these morning and nights, may be counted his own coat.

That this may not be exactly the growing time, but it is a good time to plant your fall advertisements. Come in and see us.

That it is a mistake to call some Government employees "civil" servants. It seems to be painful to them to attempt to be polite.

That certain people who "plough the raging main" got the worst of a mix-up, in which decayed eggs played a prominent part, the other night.

That if he gets much higher it will soon be off the bill of fare of the "horny-handed son of toil." It was 30c a pound this morning.

That one of the very sweetest balls ever seen in Belleville is to come off in the near future. A great many "buds" will make their debut on this occasion.

That the "Peeping Tom" talked about lately will be brought up with a round one of these nights, and when caught, he will probably get a ride in the ambulance.

That the question "How would you like to be the ice man?" need not be asked any more. The lordly coal man will hold the centre of the stage for the next few months.

That "the flowers that bloom in the spring, trails" are not the only ones cultivated in Belleville. The Horticultural Society's floral exhibit is a sight to gladden the eye, while the display of fruit makes one's teeth water.

That a certain member of the Board of Education has taken up the matter of religious instruction in the public schools, and will do his utmost to have the school regulation in that regard enforced.

That a certain well-known citizen is accusing the newspapers of trying to take away his reputation. As an esteemed friend of ours, a member of the Society of Scotland, would say, "Ye canna steal the bricks from a Highlander."

That it is not much wonder Belleville does not have an annual fair. A splendid exhibit like that last night in the skating rink only attracted about fifty people. Where is the old ageless lady looking for her native City which used to animate Bellevillians in days gone by?

That every body is talking about the ghost which has been seen in the old Dundas st. burying ground. Many people think the inhabitants of the old graveyard have got tired waiting for their late-day religion, and to put the place in order, and are going to make the repairs themselves.

HORTICULTURAL
EXHIBITION.

The Display of Fruit and
Flowers Magnificent.

List of Exhibitors in the Various Classes
--Last Night's Band Concert Very
Poorly Attended.

Worshippers at the shrine of the Goddess Flora should not fail to visit the Horticultural Society's Exhibition, which is being held in Swallow's Rink, Pinnacle at the display of flowers and fruit is a grand one, and in that respect the show is a success.

The number of entries in the various classes compared favorably with any year in which the Society exhibited in connection with the Bay of Quinte Exhibition. The display of flowers and fruit is without doubt the best that has ever been seen in this part of the country. The many floral designs shown were beautiful, especially that of "Gates Ajar," and a cross designed by Mr. S. J. Wedden. In this connection it may be stated that Mr. Thos. Givens, who is a judge, made fine exhibit of potted flowers and cut flowers but was not a competitor. The flowers formed the chief attraction to the visitors. The variety was immense, ranging from tall and stately blooming plants to the most delicate blossoms. The centre space opposite the doors was occupied with a collection of plants, rich and warm looking, with leaves from the deepest to the most variegated light shades. On either side of the building the flowers were so arranged as to present them in a pleasing manner to the spectators.

The cut flowers were greatly admired and were shown in abundance. They were artistically displayed upon tables. Some of the collections, such as asters, sweet peas, pansies, verbena, geraniums, etc., were charming, and they were many magnificent bouquets of mixed flowers arranged with a cultivated taste and skilled hand. The exhibit represented a vast amount of labor but was well worthy of all the time and pains the florists, ladies and gentlemen, amateur and professional, have put into their pleasant occupation.

In the fruit department the display is not only large but the various specimens are fine. Mr. W. O. Reid shows a one-year-old apple tree upon which is an apple and a two-year-old tree, which is a rarity. A fine display of pears and grapes were also shown.

The display of roots and vegetables was not large, but was exceptionally good.

THE EXHIBITORS.
The exhibitors in classes A B C D, which includes potted and cut flowers, were: S. J. Wedden, Miss Gail, J. A. Munro, Jas. Copeland, Wm. Kemp, Geo. Cook, Jas. Potter, F. O. Kennedy, J. W. Butterfield, Gerald Ponton, W. J. Diamond, J. Lutton, John Harris, John Hick, J. Humphrey, S. T. Harris, B. R. Fuller.

In class E, which includes fruits, the exhibitors were: Geo. Williamson, W. R. Weese, Wm. Peck, B. R. Fuller, W. A. Kitcheson, John Grand, J. A. Munro, Jas. Munro, W. O. Reid, Geo. Cook, Mrs. J. Lutton, Geo. Leach, W. J. Diamond, F. G. Kennedy, J. A. J. Potter.

In class F, which includes roots and vegetables, the exhibitors were: A. M. Weese, Wm. Peck, Geo. Williamson, A. J. Clarke, B. R. Fuller, W. O. Reid, S. J. Wedden, F. O. Kennedy, Geo. Edwards, W. A. Kitcheson, Geo. Cook, J. Harris.

EVENING EXHIBITION.
The attendance in the evening was meagre, notwithstanding the fact that the I.O.O.F. band was in attendance and it being announced as a promenade concert.

The band furnished an excellent programme of waltzes, marches, etc., which was much enjoyed by those who attended. It is safe to say that the attendance would have been large had the people of the city realized the pleasure to be had from viewing the display. The Directors of the Society are to be congratulated upon the success of their show as far as the display is concerned, and their efforts were worthy of more generous patronage.

The judges were busy this morning making the awards.

Our Clothing Must Be Right.
If proof were necessary that Oak Hall clothing is right up-to-date in every particular, here is good evidence. We sold yesterday two overcoats, one light weight and one winter weight, to a gentleman from one of our largest American cities. He paid us \$20 for the two coats and either one, he states, would cost him that much at home.

SPORTING NEWS.

The Quinte's Won the Cup.

The beautiful silver challenge cup presented by Mr. H. Corby, M.P., for competition between the gun clubs of this district, was shot for yesterday afternoon at Massena Park. But two clubs competed, namely the Quinte Gun Club of this city, and the Wellman's Gun Club. The result was a victory for the local club, which won by shots. Whilst the contest was in progress Mr. Corby with other friends viewed the park and a salute of 40 guns was fired in honor of Mr. Corby's presence.

Kingston Races.
Kingston, September 14.—The horse races yesterday were interesting, and the track was in fine condition. The results were:

Green race—
Minnie H. T. Healer, Kingston (three straight).
S. Knight, W. J. Lyons, Kingston.
Donnybrook, J. Timlin, Belleville.
Time—2:42, 2:39, 2:43.

Running Race—
Sir Wilfrid Laurier, Frank Smith, Southport.
Spring Blossom, D. J. Arnot, Toronto.
Gypsy Girl, W. H. Watts, Campbellford.
Time—1:15 seconds.

About the Shamrock.
Speaking of the Shamrock's chances, Al. McVey, the well known yachting expert of Boston, says:

No such excitement was ever known in New York over a cup race. John L. Sullivan said one Boston friend the other day what he thought about the race, adding: "Good judges tell me that the Shamrock is a good boat. She is a queer Irish boat with a lot of Scotchmen, Englishmen and Chimenen on board. I hope she'll be beaten. I'm for the American boat every time."

Inquiry at the hotels shows that all will be overcrowded in cup race time, and that some of the visitors will have to go to Brooklyn and Jersey. No such demand was ever known.

Only two weeks remain in which to put the New York race and is a very fair estimate, coming as it does, from a writer who has made a life study of yacht naval architecture.

Record Ride in an Hour.
Philadelphia, Sept. 14.—Harry Elkes, the champion middle distance bicycle rider, last night in a race of one hour against time, broke all world's records from one mile to the hour, going 36 miles and 74 yards in 60 minutes. The best previous record for one hour was made by Taylor, the Frenchman, in France, a few weeks ago, who rode 35 miles, 696 yards.

It's to Be Stopped.
The Official Board of Bridges at Church at its meeting last night a do d d d position taken by this paper regarding the young fellows who gather on the sidewalks and sit on the fences of the church during "services." The attention of the authorities is to be officially called to it. Several members of the board expressed themselves strongly as to the impropriety of those who compose the crowd. It's to be put a stop to some way.

Blismark's Iron Nerve.

DISPUTE IS STILL ON PAPER

Britain's Last Note is Now in the Hands of the Boer Volksraad.

The Transvaal is not in a position to accept the ultimatum, but a note from the British Government, dated Sept. 14, has been received by the Volksraad.

London, Sept. 14.—The message of the Secretary of State for the Colonies, Mr. Joseph Chamberlain, says he understands that the ultimatum, dated Sept. 13, has been received by the Volksraad.

Continuing, the note says the British Government is satisfied that the law embodied in the proposal is sufficient to secure the Transvaal's independence.

Moreover, the presentation of the proposals in the note of Aug. 10 indicates that the Government is prepared to accept the Republic's terms.

The dispatch then goes on to say that Great Britain is still prepared to accept the franchise proposal of Aug. 10, provided a court of inquiry is established.

There is no change to note this week in prices. Slightly higher in some cases.

CHAMPERTY.

The prosecution of "Fighting Joe Martin," late Attorney General in British Columbia, for the crime of Champerty, that is, the buying of suits from parties who in all probability would never think of running the risk of going into court, has brought forth some strange examples of the manner in which some gentlemen of the profession secure cases and fight them in the courts. The Ottawa Citizen, after expressing its opinion that the prosecution of Martin smacks of persecution, goes on to say:

"Possibly legal ethics are higher in British Columbia than they are in the east, but if the Ogdens had been charged after half the lawyers who are guilty of it in this province they would be kept busy. The Workmen's Compensation act, until recently, was a regular bonanza to the lesser lights of the legal profession. Lawyers, whose offices are almost under the shadow of Ogdens' hall itself, counted the newspapers every day, on the lookout for reports or accidents, which would make a decent claim under the act. And soon as a case was discovered there was a race to see who would secure the lucky victim. The competition became so keen that legal firms were making arrangements with medical friends to give them the earliest tip on an accident, so that they might be first to get hold of the case. Really in the working of the act nearly every claimant was certain of a verdict, and later on the employers got so timid that they would not 'sue' almost any sort of claim. These cases were in the majority of cases taken upon a share basis, and the practice was not confined to the lawyers and the medical friends. The practice in many parts of the province became so general, yet the benches took no action to check it as far as the public is aware."

This is a serious case against the profession generally. Let us hope it is not true to the extent indicated. The taking of a case on shares is clearly a violation of the law of champerty, and the shysters who practice it should be struck off the roll and deprived of their gowns.

Yet, is this any worse to one of these pettifoggers rendering a bill of costs of \$600 to \$700, when taxed, showed him that he entitled to not 50% of it. The sooner an honorable profession is rid of such a class the better.

Don't Waste Your Money on Worthless Catarrh Cures.

Japanese Catarrh Cure Cures. and is the ONLY GUARANTEED CURE.

The proprietors of Japanese Catarrh Cure daily receive many letters of gratitude from the catarrh afflicted in all parts of Canada. During the past few years we have sent out over three thousand free sample boxes, each containing a full course of the Japanese Catarrh Cure. We have received many testimonials from those who have used it, and we are sure that it is the only cure for catarrh of the bladder, prostate, and seminal vesicles. The natural heat of the body melts it, and the very act of breathing carries it to the diseased part. It reaches every diseased portion of the bladder, and it reaches the ureters, and it reaches the middle ear, curing invariably all forms of catarrh of the nose and throat, and all forms of catarrh of the bladder.

Japanese Catarrh Cure is guaranteed to cure any case of catarrh, or money refunded. Sold by all druggists. Price 50 cents. Six bottles with guarantee to cure, \$2.50. A. J. Workman, 121 Church Street, Toronto.

Dr. Workman's Case.

The friends of Dr. Workman seem to have lost their heads over the result of the appeal that Dr. Workman argued before the first Methodist court on Sept. 10. Judging by some of the expressions used by the journalistic friends of the doctor, they think it the business of the Court of Appeal to go into the whole question of orthodoxy of the doctor, but that is not the duty of the court. That tribunal was merely called upon to decide as to the legitimacy of Dr. Workman's action in suing the committee of the Bay of Quinte Conference for no stated reason. It was a question of law that was dealt with on Wednesday, and the court was not called upon to compose the court would certainly have exceeded their duty had they exercised other than their judicial functions and gone outside of the simple question as to whether Dr. Workman's suit was legal.

Dr. Workman has the sympathy of every person who is able to appreciate the conscientiousness that he displays in returning to his convictions, regardless of material considerations. That sympathy is probably just as strong in those who believe that the Methodist Church in Canada have acted wisely in refusing to try Dr. Workman for heresy.

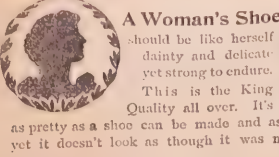

If Dr. Workman is right and the Quadrennial Conference wrong, the fact will only be demonstrated by time. Meanwhile, that divine will be well advised if he were to accept a pastorate and continue in the path he has chosen to follow in this life.

SHILLERS WOMEN. Nervousness, Indigestion and General Debility have often been the Sunshine. But South American Nervine Brings back the Heart's Delight.

Mrs. D. A. Gray, of Waterloo, says: "For many years I was a great sufferer from indigestion and nervousness, and many times was unable to attend to my domestic duties. I was so weak that all the doctors in the town failed to give me any relief. I read of a cure by South American Nervine which was sold in bottles and I bought one. I took it and it gave me relief, and I am now a healthy woman. I certainly have not been so well since. It certainly has not been sold by J. S. McKee."

Is There Any Truth in This?

Oswego Palladium.—Just at this time England and the United States are both engaged in pouring troops across the sea, to be civilized and otherwise assimilate the Filipinos, and Great Britain to civilize and otherwise benevolently assimilate the Boers. Our purposes appear to be much the same. We should form an Anglo-American alliance without delay and I left the same coast of Africa—filled overland, two jugs of rum and an unopened Bible.

People who don't know it, guess the price somewhere around \$5, and yet it is only \$3.

MR. VANDERBILT'S FORTUNE.

The Amount Not Known, But Was Very Large.

New York, Sept. 13.—While it is generally known that Mr. Cornelius Vanderbilt, who died yesterday, was an enormously rich man, yet little is known of his actual fortune, says The Tribune. He was a most reticent man about his private affairs.

It is a fortune that has been variously estimated at all the way from \$80,000,000 to \$200,000,000. It was mostly in railroad stocks, bonds and securities. He was not interested to any great extent in any of the new industrial companies that have been formed, and in fact had no holdings of moment in any corporation save from railroads.

He was the largest stockholder in the New York and Harlem Railroad, and owned a big majority of the stocks and bonds of that road. He was a large owner of New York Central stock. He also owned a large amount of stock in the Michigan Central Railroad, the Lake Shore and Michigan Central, the Chicago and Northwestern, the Big Four, the New York, New Haven and Hartford, and the Canada Southern.

THE TROTTER RECORD.

The fast New England pacer, Major, 2:10, is a real runner with his stride.

Bunnella, 2:10, is said to be the fastest trotting mare ever owned in Canada.

Abbotsford, 2:09, the Canadian pacer, is one of the handsomest horses on the big list.

Hal Dillard, 2:09, is the only stallion with a record below 2:05 to sire a pacer.

The foreign buyers have an eye on Agnes Star, 2:11, by Agnes, and it is quite likely that he may cross the pond.

Quickheart, 2:08, has two good new 2:20 representatives in Jimmy King, 2:17, trotting, and Royal L, 2:18, pacing.

J. L. Tarleton of Lexington, Ky., has a great many, by Cheyenne, that is said to have trotted twice to 2:10 with less than three months' handling.

Canaan, 2:14, winner of the recent pace heat race at Old Orchard, was gone through the auction ring, C. F. Vizard, his present owner, paid \$270 for him.

W. L. Snow has the distinction of being the only man who over drove two horses into the 2:05 list in one week. He did it at Ellersville with Hal II and Agnes.

Five years ago Eddie Powers had a record of 2:10, but never until this season had she been able to win a heat below 2:10, although trotting in 2:10, on three different occasions.

Birchmont, 2:08, used to be headstrong and hard to control, but Clever De Dyer has him tamed with a new driving device which has converted him into a very manageable horse.

Mr. D. A. Snow, owner of Jude, is 73 years old and drives his horse, it is said, very lately a mile in 2:10 and under in 34, 35 days. Jude will probably make an endeavor to beat the stallion record this year.

EARS OF NOTED MEN.

Embsender Choate has a fine ear, of perfect size and of about the right angle.

Cornelius Vanderbilt's ears are thick, homely, commonplace. They indicate mediocrity.

Russell Sage's ear is about the average size, well shaped, sloping slightly and deeply lobed.

The ears of President Alpheus Stickney of the Chicago Great Western railroad are nearly at right angles to his head.

Richard Croker's ear is just like the man—plain, about medium size, thick and coarse, close to his head, flat, deep concha.

Thomas C. Platt has the ear of a philosopher. The top leans far out and the lobe in. It is rather over an inch in the medium size.

Admiral Dewey has a small ear, with many angles, which tells us that he can be cruel and tyrannical as well as delicate in fancy. Such is his character.

John Blair's ears are enormous, and they have the intense philosophical slope. Age increases the angularity and prominence of the ear. Mr. Blair is nearly 100 years old.

J. Pierpont Morgan has a flat sized ear, firmly glued on and nearly straight across the forehead. It is thick and protruding, while the concha is of small diameter.

THE THRONE ROOM.

Queen Henrietta of Belgium takes a daily drive of ten miles.

Although the Princess of Wales is a daily spoken of as Danish, she spent most of her early life in Germany, near Frankfurt, and German, not Danish, was her mother tongue.

Queen Margaret has promised to climb Rocca Melone, one of the highest peaks of the Italian Alps, to give to the dedication of a statue of the Virgin of which the queen herself is the sculptor.

The crown prince of Sweden and Norway has an invincible physical character. Along the roots of all his teeth runs a bar or strip of bone. Whenever he has a tooth extracted this bone has to be cut through.

King George of Greece goes in for music in private, and his instruments are not those usually seen in royal palaces. He performs on handbells and on glasses of various sizes, which give forth their notes on being touched by a wet finger tip.

SUMMER ZEPHYRS.

Modern invention has not yet produced a device for subjecting a day to the calendar process—Exchanges.

The city girl who spent her vacation on a farm, imagined she had solved the riddle of the "fertilized mud" she saw the cows feeding from the pasture. What could be simpler?—Louis Star.

Newport people are complaining that the weather has treated them badly. They are not much worse off than other people, to be sure, but why is not an exception made in favor of Newport?—Boston Transcript.

The annual swordfish, with more than its usual annual frequency, has been plunging its usual sword through the annual two inch plankton of the annual schooner and just escaping transfixing the annual school in its annual sword.

THE NURSERY.

Don't place the cot in the position where the light will fall on the child's eyes, not in a draft.

Don't hang curtains around the cot. Children need plenty of air, especially when sleeping.

Don't allow a child to sleep with an elder person. His rest will be less disturbed and more beneficial.

Don't make up the baby's bed on the floor. The air is most pernicious near the floor and purest in the middle of the room.

A Tattling Collision.

A well dressed, middle aged woman was walking past the Seventh Avenue hotel, when she was accosted by a young man.

The boy and heavy basket collected with the woman and the cat. They returned with the woman and the cat.

Fall Top Coats.

As usual Fashion, with the new fall styles, makes the first bow for approval and patronage at Quick & Robertson's.

The correct shapes are marked with strong individuality—seen at a glance, but difficult of description.

So exceedingly elegant is the fit and appearance, so thoroughly tailored in every detail, that only a very few of the high price, exclusive merchant tailors can furnish so good a garment at their highest standard of prices.

We name \$6, \$7, \$8 AND \$10

as showing price variety—worth of make the same in each, price distinction being purely quality—difference of materials, which embrace the correct shades in Coverts, Whipcoats, Herringbones, etc.

We note the new Top Coats are quite "boxy" with roomy sleeves—but a fit and hang that is the very essence of high-class, good-form dressing. All the elegance of the ultra fashionable tailor for half his price.

The lines of sizes complete. Your inspection and purchase solicited.

THE FASHIONABLE FALL SUITS.

Full harmony prevail in this store. Quality of the highest grade embodied in the most graceful styles, yet at saving prices.

Suits for Men at \$3.75, \$5.00, \$6.50, \$8.00, \$10.00 and \$12.00.

Only the best merchant tailors make such suits and they ask double our prices. Fit? We are more particular about that than you are. Just give us a trial this week.

New styles in Hats and Caps. Extraordinary values in Underwear.

Thus we keep our store abreast the waves of newness all the time; good, honest, satisfying goods always sure; always a step ahead in quality, yet never ahead in price. We make our stocks worthy your patronage.

NOT AN EASY QUESTION.

The business of the marriage law of some of the States of the neighboring Republic has become such a scandal that the United States Bar Association has taken up the question of uniform legislation on the subject. The question will not be an easy one to deal with, owing to the fact that the power to legislate is vested in the several States. The conference of State Commissioners has, however, presented this recommendation:

Divorce from the bond of marriage shall be granted for the following causes arising from marriage: Adultery, extreme cruelty, habitual drunkenness, or intemperance, whether arising from the use of intoxicating drinks or from drugs, or conviction of felony with sentence of imprisonment to a State prison or penitentiary, and continuous detention for at least one year; and shall not be granted for any other cause arising after marriage.

Remarkable Rescue.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family, but grew worse. She told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself healed from first dose. She continues to breathe freely, and her bottles found her sound and well; now she is her own housewife, and is as well as she ever was. Write for free trial bottle of Dr. King's New Discovery at J. S. McKenney's Drug Store. Only 50 cents and \$1.00. Every bottle guaranteed.

AT PIQUA, OHIO.

Rev. Amos Campbell, of this City, Assists at the Opening Service of a New Conference Year.

Piqua Daily Times: "The opening Sabbath of the new conference year at the Greene Street M. E. church was one of sustained and unusual interest. The music deserves special mention, both in its chorus and solo features. The sermon of the morning was preached by Rev. A. Campbell, who for 40 years has been Methodist minister in the Canadian church. Mr. Campbell is the father of Dr. Campbell, of Piqua. The text was in reference to Christ having power on earth to forgive sins. The thought giving character to the sermon was the power of which Christ was possessed illustrated in the marvels of creation, in which he had a part; the power he showed over disease and all facts in the material world, the control over the mind of man, and especially over his spiritual nature. Many facts in the life of the Savior were clearly set forth to attest his saving power."

Governor Pingree on Trusts.

Chicago, September 15.—Speaking at the second day's session of the Trust Conference yesterday, Governor Pingree, of Michigan, said: "We have before the private corporation too much rope. Some give it more rope and it will hang itself. In other words they claim that the trust problem, if left alone, will work out its own solution."

"I do not believe in such a policy. There is too much at stake. The most important element of our citizenship is in the balance. We cannot afford to nap the strength of our democracy in order to forward an experiment."

"I favor a complete and prompt annihilation of the trust—without regard for property rights, of course."

"The degrading process of the trust movement is the utterance of a republic founded upon Democratic principles. A Democratic republic cannot survive the appearance of a Democratic politician."

A Pleasant Evening.

A very enjoyable affair occurred last evening, when between thirty and forty young people gathered at the residence of Mr. and Mrs. Wm. W. Wagon, College hill, the party being in honor of their daughter, Grace, who returns to her father's home, next. The gathering broke up in the early hours of morning, all returning home, the pleasant evening's enjoyment, being largely due to Mr. Bennett, of Albert College.

News From Cape Town To-day Make It Appear That War is Almost Certain—Evidence that the Last Act in the Drama is in Sight.

(Special to THE INTELLIGENCER.)

CAPE TOWN, Sept. 16.—Further telegrams from Pretoria to-day confirm the forecast of the reply of the Transvaal to Great Britain, which does not accept the demands of the British Government as a whole.

Great excitement prevails at Pretoria over the consequences which may ensue. The young Boers are asking to be led into the field immediately.

It is impossible to predict what will be the situation after the delivery of the reply to London.

The feeling here is that it will be impossible for the Imperial Government and undignified on its part again to enter upon an interchange of arguments.

Overcoats Are Selling.

This cool weather has started the overcoats going at the Oak Hall. We have sold as many this week as in any other week. Say! How? Well, the overcoats we are showing this season? They will interest the most critical buyer.

ALD. DOYLE

TAKES EXCEPTION

To Certain Misleading Remarks, and Gives a Rind for an Oliver.

To the Editor of THE INTELLIGENCER.

Sir,—What Ald. Robinson has stated in reference to myself in his letter to Mayor Johnson I wish to refute as being misleading and unjust. I was presiding as Chairman of the Executive Committee when the row between them commenced, which to say the least, was quite disorderly.

After order was partly restored, I only suggested that their disputed bills be submitted to a committee, without showing the least partiality to Mayor Johnson any more than Ald. Robinson. Had Ald. Robinson remained at his post in the Council during the summer, when the most difficult work had to be done, he would be in a position to know who was able to "muddle up sufficient courage" to work faithfully for the City, without seeking pleasure trips, etc. It seems rather unfair to the taxpayers to have side-walks taken away without being replaced, while a much money is spent in railway fare and hotel bills.

IS IT PROSECUTION
OR PERSECUTION?

The Attorney-General's Department Breaks its Pledged Word.

W. H. H. Ponton, Who Goes on Trial Next Tuesday, is in Some Straits Financially—"British Fair Play" Not a Factor in This Case.

THE INTELLIGENCER dropped around this morning to find out how matters stood with the defence in the coming Ponton trial, and found out one or two facts which surprised him. It will be remembered that at the time the defence consented to a change of venue from Napanea to Cobourg, the Crown agreed to pay the defence sufficient money to provide for the subpoenaing and procuring of witnesses. The Attorney-General himself promised this, in presence of his deputy. The money was to be paid two weeks before the Court opened. An affidavit was filed showing that the witnesses' fees would amount to \$300, in round figures, which even went so far as to give names, addresses, railway fares, and the Government has only given them \$250, and that, too, within the last week.

All of the latter money has been spent in getting witnesses from the United States, and now, two days before the trial, the defence is left without a cent to get witnesses from Napanea, Belleville and other places.

The Napanea defence fund was used up in preparation for the trial, which was supposed to have taken place at Toronto. The defence have been relying on the Government's word, and are now left in sore straits.

"Here we are," said Mr. Porter, indignantly, "on nearly the last day before the trial and the witnesses not at court."

All legal expenses of the various motions to change the place of trial, etc., which are very costly, have been borne by Ponton's counsel.

B. B. Oler, legal advisor of the Dominion Bank, is all the prosecuting counsel in this case, although there are prosecuting attorneys in Napanea and Cobourg who, by reason of their appointment, are supposed to be able to take charge of the case.

These facts will surprise a good many people in Belleville, who have no doubt. Under this condition of affairs the friends of Mr. Ponton will realize that just now there is a fitting opportunity to show their friendship in a substantial way.

STILL NO WAR DECLARATION

Martial Law Proclamation Being Printed at Johannesburg.

That Reply Is All Ready, and Is Expected to Be Handed to the British Agent at Pretoria This Morning. It is the first of the Transvaal reply, which will be handed to Mr. Conyngham Green, the British agent here, this morning. It is understood the reply is courteous, urges the acceptance of the joint conference and maintains the contention of 1911.

An Ominous Request. All the commissioners have been asked to send immediate returns of all the burghers available for military service. Possibilities for Inciting Native. Cape Town, Sept. 16.—The British high commissioner, Sir Alfred Milner, has issued a proclamation prescribing severe penalties for inciting the natives of Bechuanaland and other districts to rebellion.

Martial Law Proclamation. Johannesburg, Sept. 16.—The Eastern Star of Johannesburg asserts that a martial law proclamation is being printed. It is reported here that the reply of the Transvaal Government to the British note will suggest a seven years' franchise.

Manchester, Sept. 16.—The Right Hon. John Morley, Liberal member of Parliament for Montrose Burghs, while addressing a peace meeting in this city last evening, was frequently interrupted by cries of "Majuba Hill" and other anti-war demonstrations. In referring to the interruptions, Mr. Morley said: "A year or two ago the United States saw only one aspect of war, and what are they doing today? They are repeating. They have their yellow press and we have our yellow press. If I am asked to speak in this hall a year or two later I shall find those who now oppose me repeating also."

The proceedings finally became so noisy that Mr. Morley had great difficulty in obtaining a hearing. He urged an adjournment of the "Free Press" franchise proposal and advised President Kruger to accede to Great Britain's suggestion regarding the conference.

TERMINATE THE SUSPENSE

In the City of British South Africa to the Imperial Government.

London, Sept. 16.—A blue book containing the last Transvaal despatch of the Secretary of State for the Colonies, Mr. Joseph Chamberlain, relating to the matters which led up to the being sent was the test of Mr. Chamberlain's note is identical with the despatch as called to the Associated Press Sept. 15. The only important feature is a telegram from the British high commissioner, Sir Alfred Milner, dated Aug. 35, referring to the commercial duties and saying:

"I am receiving representations from many quarters to urge the Imperial Government to terminate the suspension of British South Africa is prepared for extreme measures and is ready to suffer much in order to see the vindication of British authority. It is the prolongation of the negotiations, endless and indecisive, which is the real cause of the trouble. There will be a strong reaction of feeling against the policy of the Imperial Government in matters of delay. Please understand that I invariably express confidence and patience and not without effect. But, if I did not inform you of the increasing difficulty of doing this, I should be failing in my duty."

There Are Other Despatches. Other lengthy despatches from the British high commissioner are published but they only reiterate the ultimatum relating to the franchise and the ultimatum's statement regarding the propositions already made.

The blue book throws no new light on the situation as it is to-day, except to show the commissioner's patience has reached the oblique point.

Green's Diplomatic Blunder. The British high commissioner, the British agent at Pretoria, in a letter to the Transvaal Government, said the Imperial Government did not desire to hurt the Transvaal's susceptibilities by publicly reasserting its authority, so long as no reason to do so was given by the Transvaal.

The Globe, commenting on this letter, expresses the craziest regret at such language and trusts Mr. Green's words do not represent the attitude of the Colonial Office. The Globe adds: "The blue book gives little encouragement to the belief that the doors will show themselves reasonable."

Interview With Kruger. published interview with President Kruger, who has been taken place at Pretoria yesterday, is far more important. He is quoted as saying:

"I have tried all ways to place the allies in the Transvaal on the same footing politically as the burghers. Mr. Chamberlain said I have not kept my promises. This," thundered President Kruger, "I deny."

Continuing, the President of the South African Republic is said to have added: "The allies of the Transvaal have the right to demand that the burghers have already enjoyed them without any previous fault on their part. I have more than 10,000 allies who have been loyal to the Transvaal and have not been allowed to enjoy the franchise. Yet, of the British subjects who have been allowed to enjoy the franchise, I have heard of no such thing. This shows that the British in the Transvaal do not want the franchise."

In my opinion there is no cause for complaint. Everything could be settled by arbitration.

The advice from Cape Town yesterday is to confirm the resolution of the "Times" correspondent at Newcastle, Natal. The news that a strong force of the British army has been sent from Durban to Johannesburg, has also been confirmed.

The first battalion of the Manchester Regiment arrived at Cape Town yesterday. It has been stationed one hour from Johannesburg, commanding the Pretoria and Johannesburg roads, has also been sent to Johannesburg.

THE LADIES WERE DELIGHTED

With the Beautiful Creations Shown To-day.

The "Made" Hat Will Hold Full Sway This Fall—Notes From the Show-rooms of Belleville's Up-to-date Millinery Houses.

Nothing daunted by the threatening weather, crowds of the fair sex to-day wended their several ways to the different stores where those eagerly looked forward to events were to be seen—the Fall Millinery Openings. The consensus of opinion among the ladies seemed to be that the displays this year were fully up to, if not better than the standard shown in former years. The "made" hat will reign supreme. Artistic creations are shown in many different and charming effects, and ladies who cannot get their hats gratified in the show-rooms of Belleville's Millinery must be indeed hard to suit. Following our usual custom we give a resume of the varied and interesting displays to be seen in the different parlors:

Geo. Ritchie & Co.

The commodious premises of Messrs. Geo. Ritchie & Co. always contain much that is fascinating to the fair sex, but this season they seem to have surpassed all previous efforts in the magnitude and variety of their stock. The large store is literally packed with goods in their various lines, and it seems to us it would be a most tedious task to catalogue that could not be satisfied from their stock.

We sometimes forget the importance of such a store as Ritchie's being situated in our midst as a distributing center for the products of the world's great manufacturers. Almost every manufacturing country of any note is represented in their stock.

There are piles of beautifully fine linens direct from the looms of Ireland and Scotland; lovely silks from France, England, Switzerland and Italy; dress goods and cloths from Great Britain, France and Germany; silks and rugs from China and Japan; fancy trimmings, buttons, buckles, etc., from Bohemia and Austria; curtains, lace and embroidered goods from Switzerland, etc., etc., all gathered together at our very doors by this enterprising firm.

To-day being their formal opening day for the autumn season, they had a great many visitors, and the courteous staff of clerks were kept busy showing the new goods.

The millinery department, which to-day was the centre of attraction, was tastefully decorated with ribbons, silks and trimmings suitable for millinery, as well as a number of beautiful palms and other plants.

It is at once noted that the dress hats are large in size and trimmed very high. Indeed, should the ladies insist on wearing their hats at the opera, there will be no chance for those sitting behind them this season to see the stage. Another marked feature is the quantity of trimming under the brims, some being prettily trimmed with soft silk scarfs with fringed ends.

It is essentially a milliner's season, there being a great quantity of work on the hats. Plain and fancy velvets, tulle, lace, Liberty satins and Felt are much used in making up, and some of these have rows and rows of silk stitching, all done in the works, which makes prettily trimmed Chiffons are also used freely, daintily put and gathered, and will be sure to

WHAT PEOPLE ARE SAYING

That the people who have to walk on Belleville sidewalks would make good football players.

That the most striking feature of the "growing time" is a good many Belleville people is that most of the necessities of life are growing in price.

That the Mayor's letter about the Gas Company and direct taxation did jar some people dreadfully. The supporters of a "paternal Government" seem to suffer a good deal when anybody tells them the truth.

That President Kruger is feeling very uneasy since the 12th of October when he was volunteered for service in South Africa. There is no doubt that if our own Krugers offered their services the old man would take to the woods at once.

That the new dyspepsia remedy which is being so extensively advertised has wrought some wonderful cures in Belleville. One prominent Methodist tells us that after taking it for a week or two he is now able to look at the old Dundas at bay with ground without feeling any qualms in his stomach or conscience.

That a new society should be formed in Belleville at once, the members of which could pick out the best men to run for alderman next year. A very good plan for the constitution would be that every member should pledge himself to drive down the nails in the sidewalk in front of his house.

That the Thanksgiving movements which have been discussed so freely are of interest to church circles only. The majority of the Protestant churches are engaged in some way or other in making recognition of the close of the century by an offering in honor of their Thanksgiving.

That the movement in connection with the churches ought to be extended to the people of Canada. Those who have been so successful in raising money for the churches in this country should be encouraged to do so in other countries.

That the Intelligencer urges the Council to take steps to welcome Prince Arthur, who is now on route from Montreal.

An incendiary set fire to the huts at the rifle range.

have a great run. A great many of the new hats have the Tam o' Shanter crown. The feathered trim again supplies a large proportion of the garments for millinery. Gulls and other large birds are used in their entire size, as well as a great many smaller birds, also quills of all kinds. Phœnix, ostrich, Butterflies, Ostrich feathers, Ostrich and Hackles are shown in great profusion. A few hats had ninety stripes of mink fur on them, and some were trimmed with Grobe. Wide plain ribbons are much used, combined with very pretty new styles in jet, steel, gold and rhinestone buckles and ornaments. Some handsome buckles were shown in the new postal club's ring.

The colors this season are much more subdued than for some time past. The soft tints of Brown, Cinnamon, Greys, and Black and White will be the leaders. Phœnix and Zebra, two new shades on the old rose tones, will be used as well as Hints and Violets.

There was an extensive display of Walking Hats and Sailors, which are much more trimmed than formerly. Phœnixes, wings and soft collars being used on them in great abundance. These will replace the Rough Riders, which are now on the market. A few hats were shown by Miss Urquhart saw in New York was a trim sailor, the price of which was \$20.

A number of Pattern Hats were shown by well known modistes of Paris and New York, but those designed by Miss Urquhart and her able staff of designers were quite as much admired, and are only a small portion of the price of the imported ones.

There was also a pretty lot of children's headwear and a quantity of mourning millinery.

The entire display is a credit to Miss Urquhart and proves her to be a milliner of no ordinary ability.

In the Mantle department is seen a large stock of ladies' children's Jackets and Mantles, also a great variety of Fur Garments. Mr. Reid spent ten days in Berlin making a selection of the latest novelties in these lines. The Jackets are very smart and have a particularly smart appearance. Many of them are handsomely trimmed with a new make of silk braid. In this department is also carried an immense stock of Corsets and Underwear from the best makers.

The Carpet and House Furnishing Department, which occupies the entire top floor and basement, main store, and most department are all overflowing with new goods, and the Dress and Mantle making department under Mrs. McLean is very busy.

D. V. Sinclair & Co.

This firm has, during the past season, found it necessary to greatly enlarge their show-rooms in order to meet the demand for more room and serve to better advantage their ever increasing patrons. In this enlarged department, which is very prettily decorated, is shown a beautiful display of fall millinery, consisting of London, Paris and New York importations of decided novelties known to the world of fashion.

The new autumn colorings are here seen to advantage in rich shades of browns, blues, purples, mulberry, pastel and modes, and velvets, plain and mirror, all silks, plumes, wings, and feathers are caught in the fancy ornaments contribute largely to the production of the most artistic headwear.

The most popular hats shown are the Directoire, Gainsborough, Napoleon tique and Spanish Turban, the two latter having prominence for fall head dress. They set off the face and are decorated to the left with velvets, tulle, ornaments, quills or wings, producing a very pretty effect, and are most becoming to the youthful face.

There is also shown some decided novelties in hats for younger women, with padded surface and shaped to fit the different faces, seakings, mink and sable being used in their construction. Mrs. Glenney, who has charge of this department, shows a very pretty hat of the Directoire, made of one of the rich brown shades of velvet with a rolling brim of white and brown grobe, producing a very new effect; two points of light wings are caught in a fold of the velvet, faced with white satin and fastened with large Rhineston ornaments.

This hat is very much admired. Another large hat, the Directoire, is a shape of light finish felt, with brim of medium width which covers at side and dips over the face. The brim is faced with a shade of green velvet and a pair of rippling elevates the hat in the front. The crown of the hat height has a draping of velvet and silk edged with fancy cord. A large wide quill of iridescent coloring is stuck carefully through the draping and caught with an ornament.

In this same department are shown the ladies' and children's Jackets, Capes, etc., which the firm import direct from the best German makers. A feature of the new fall Jackets is the very pretty fancy Jimps which are shown in the very fine green gaiters.

In the main store, which is largely devoted to ladies' wearing apparel, is shown in great variety all the new effects in fall and winter dress materials, together with a very complete stock of Silks, Satins, Velvets, Gimpes and other fancy trimmings.

season, as the made hat reigns. Every year the art of trimming reaches a higher degree of excellence and demands a more artistic conception in combination of material and color effects, which will result in a ravishing effect that will be a dream of beauty, and will make a plain woman look handsome and a good looking one divine. Velvets—plain, mirror and fancy velvets especially—are used on all of the best patterns. A new feature is the folded chiffons of silk facing on the brims. They give a soft background for the face and are the loveliest things imaginable. The velvets and silks are draped, corded and twisted. Chiffon is used extensively. Large birds' wings and feather novelties of all kinds are also used. The feather butterfly, being perhaps the newest, is in vogue. The new French ornaments of enamel in pastel colors are very effective in trimming. Wide ribbons in tulle and ornamental satins are knotted, twisted and made in big bows. Appliques of all materials is used for the soft crowns. The Phœnix Breast and Grobe in natural and black and the Hackle feathers are used extensively. The favorite shapes are the large turban and the new picture hat, with drooping brim front and back, with demi-plumes. Also the Russian turban and turban. In the display cases they are also showing something. Bewitching satins, with mink and hat to match. To describe the numerous hats would be impossible, as they are real gems and are only a small portion of the price of the imported ones.

ONE WITNESS RETURNS

How Public Sentiment Runs in Cobourg.

People of that Town Don't Take Much Stock in Roach's Story, and Say He Has Learned His Lesson a Little Too Well.

Mr. George Moran, caretaker of Queen Victoria School, who was one of the Crown's star witnesses at the Cobourg trial, has returned home, and the Intelligencer had a short talk with him to-day. Mr. Moran was not put into the witness box at all. Detective Greor plied him with many questions, and when he found that he knew very little in particular about the case, and that what he did know was in favor of the accused, he was dismissed with the detective's thanks for his services.

"Would you mind saying what you were asked, Mr. Moran," said our reporter. "Well, he asked me if I ever played pool with Ponton in Mackie's hotel," said Mr. Moran. "I told him 'no' I don't play pool and don't know Ponton."

He was approached on other matters, but his replies evinced he was not satisfied with the evidence of Robert Mackie, as they think he is more liable to tell the truth than either Holden, Pare or Roach.

In his cross-examination of Roach Mr. Porter asked several things which began to be good, Mr. Roach," he said, and the witness admitted that until he was taken into custody he had never really made up his mind to be good.

Another good point was when Mr. Porter got Roach to admit that he had studied the newspapers containing the reports of former trials. The impression is being left that Roach has learned his lesson a little too well.

The people of Cobourg are very anxious to hear the evidence of Robert Mackie, as they think he is more liable to tell the truth than either Holden, Pare or Roach.

The Crown Making Strong Efforts to Prove That Hope McGinnis Handled Some of the Stolen Money.

Rumor That Mackie Would Testify for the Crown Proved Untrue.

The Prosecution Has Closed Its Case and Neither He Nor Pare Were Called.

A Rumor From Cobourg That the Worst to be Expected is a Disagreement.

More About the Hold-Up Story Which Roach Told.

Cobourg, Ont., Sept. 21.—Strong evidence was advanced by the Crown in the Ponton case to-day on the line connecting the prisoner with bills which from every indication are a portion of those buried near the railway track by Pare and Holden after the robbery. Mr. Oler proved by several witnesses, among them Constable Sills and Chief of Police Adams, that a strong friendship existed between Ponton and a young man named Hope McGinnis, of Belleville. Then G. J. F. Wurtele, teller of the Merchants bank at Belleville, swore that he had reported deposits made at different times by McGinnis, containing a large number of Dominion bank bills of the denomination of \$5. The bills were all brittle and appeared as if they had been wet and dried out. The counter signature on the bills looked as if it had been tampered with. Following this came the evidence of Edward C. Bowker, teller of the Dominion bank at Belleville, and of Mrs. Harriet Way, showing that a deposit of \$125 had been made in bills of exactly the same description by Mrs. Way in the Dominion bank. Miss Lavonia Hunter swore that she gave Mrs. Way the money deposited and that she received the bills from Hope McGinnis.

Cobourg, Ont., Sept. 21.—In support of Roach's story, told yesterday, Jas. O. Frasse, a cheese manufacturer of Lantz Co., was called. Roach had said that Ponton told him once in June that a cheese merchant would be in town the next Saturday and would draw a large sum of money, and Ponton had suggested that the man be held up by Pare, Holden and Roach and sufficient funds secured to carry them along comfortably until the robbery of the bank was effected.

Mr. Frasse swore that in June of 1897 he had an account at the Dominion bank in Napanee and he remembered telling Ponton that he would be in the bank on Saturday to draw a large sum of money. He went into the bank on Saturday and was met by Ponton, who told him that he (Ponton) had the money all ready counted for him. Frasse replied that he had made a mistake in the date and would not require the money until the following Saturday.

David Young, the safe expert, gave evidence as to the condition in which he found the safe-shut out for to open it after Pare had tampered with it. He declares that it would be impossible for any man to open the combination without knowing the secret. He would not change his opinion on cross-examination.

Clarence Bogert, Assistant Manager of the Dominion bank at Toronto, who investigated the robbery, gave evidence upon the point of several mis-statements made by Ponton.

This closed the case for the Crown. The defence will be taken up this afternoon.

CONVICTION NOT LOOKED FOR.

A rumor was current to-day that the defence need look for nothing worse than a disagreement. (Full report of trial on page 2.)

NO. 123

Porter, Ponton and Victory!

"Not Guilty" was the Verdict

RETURNED AT COBOURG BY THE TWELVE
GOOD MEN AND TRUE

A Mighty Shout Went Up When the
Verdict was Announced.

The Jury was Only Out an Hour—An Affec'ing
Scene Between Mother and Son—Roach
Goes Free—Pure Gets Three and
Holden Four Years.

E. GUSS PORTER.

Whose masterly conduct of the defence has made him famous from the Atlantic to the Pacific.

W. B. NORTHRUP.

One of the great trio of lawyers who have just gained a "famous victory."

Cobourg, Ont., September 23.—William Henry Hamilton Ponton was declared innocent of complicity in the robbery of the Dominion Bank at Nanawab by the jury this morning.

The twelve men occupied but one hour in coming to their verdict, and when they filed into court shortly before one o'clock and rendered their finding of "Not Guilty," a great shout went up and the cheering was continued for several minutes, while a general rush was made for the dock.

The sheriff shouted for order, but scarcely any one paid any attention to him. Ponton's mother, who sat in front of the dock, jumped to her feet and he caught her in his arms and kissed her repeatedly.

Then Mr. Porter walked around the table and shook hands with them both and Ponton was then led out among a throng of people.

When he reached the street he was again cheered and received an ovation at his hotel, the Dunham house.

The address of Mr. Ouler upon behalf of the Crown was a masterly effort, but was very brief. His argument was that a convincing case had been made out aside from the evidence of the accomplices, Roach and Holden.

His Lordship's charge was also brief and, if anything, was slightly against the prisoner.

While the Jury was deliberating upon the verdict, Pare and Holden were brought into court.

Holden pleaded guilty to the charge, but Pare, innocent at being left out of the Ponton case, said that he would not plead guilty unless he was promised consideration for the time that he had spent in jail as a Crown witness.

After some delay the court appointed F. M. Field, of Cobourg, as lawyer for Pare and the two left the court for a conference.

Pare, after the conference, pleaded guilty.

THE CROOKS SENTENCED.

Cobourg, September 23, 2 p.m.—Roach pleaded guilty and was allowed to go on suspended sentence.

Pare was sentenced to 3 years. Holden was sentenced to 4 years.

AN ABLE-BODIED FRAUD

That is What Mr. Charles A. Winfield, Probably Was—The City Well Rid of Him.

The Chief of Police last evening received a communication from a party in Stirling village stating that a well built colored man had been in that village soliciting aid for the African Methodist Church of Canada and was spending the money in drink. The letter intimated that the party referred to was probably a fraud. The letter in question was placed in the hands of Constable Hayes, who found the man in an uptown hotel, and escorted him to the station. He indignantly refuted the statement that he was a fraud, and produced a certificate and documents stating that he had authority to collect subscriptions for the church. He also stated that he was in Stirling that day and had walked from that village to Belleville. From the book which he carried he showed that he had collected but 50 cents in the village. The Magistrate was consulted in the matter, with the result that he was told to get out of the city, which he did on the midnight train, going east.

From documents in his possession his name appeared to be Charles A. Winfield, and he had a license to preach, which license was granted to him some 15 years ago. His age was 49 and he stated that his home was in Bradford, Ont. When taken in charge by the officer Winfield was smoking an old colored clay pipe and his breath was certainly perfumed with something stronger than the water supplied by the city. He appeared to be a rather intelligent person and a man of commanding appearance. He stated that during the past week he had sent away \$30 to the connection which he had collected in this district, and which had left him about penniless.

Mining Machinery.

The Mac Machine Company of this City to-day shipped a considerable quantity of mining machinery to the Belmont gold mines in Marmora Township.

Prince Edward County Fair.

The grand Central Ontario Fair will be held at the Fair Grounds on Sept. 28th and 29th. W. H. Williams, Pres., T. B. Sec. Treas.

WHAT PEOPLE ARE SAYING

That all signs point to a long, severe winter.

That Roach might as well have been tried in Belleville. He could have got a suspended sentence here.

That certain Belleville newspaper writers are adepts in the gentle art of "blowing their own horns."

That election time is drawing nigh and some of the aldermen are "playing to the gallery."

That when the British begin fighting in South Africa they won't stop at Laing's Nek this time. Kruger's neck will be the objective point.

That while the sidewalks remain the way they are the aldermen will never be stuck for "something to talk about."

That, owing to the condition of some of our streets, bicyclists are compelled to ride on the boulevards and sidewalks or else walk and push their wheels.

That there is no doubt this City has at present the best system of street lighting. All they have to do now is to find the best aldermen to elect.

That the law against selling tobacco to minors is openly violated in Belleville. It looks bad to see little chaps of 12 or 13 smoking the evil-smelling cigarette.

That the fall is setting in early and the most disagreeable time of the year is at hand, and too cold if it's out.

That to a layman one of the most peculiar things about criminal trials is the fact that it is quite often a piece of evidence which would seem to do the defence the most good is ruled out by the Judge.

That it is to be hoped the Council can see to their duty clear to grant the request of Messrs. Tickle & Son. An ad established firm like this, which has given employment to hundreds of citizens and brought many thousands of dollars into the City in days gone by, should not be treated in a negligently spirit.

That most charming people will commend the action of that Halifax minister who, when the church choir began singing the good old hymn, "Rock of Ages" to a new-fangled tune, stopped them and asked for a tune in which the congregation could join. In fact that nine people out of ten who go to church like to take a hand in the celebration themselves once in a while.

DIED.

Booth.—At the residence of her son, Mr. James H. Booth, Highland Road, Belleville, N. Y., on Sept. 22, SARAH ANNISTON, beloved wife of Mr. James Booth, of this City.

The funeral from the family residence, Albert St., at 3 p.m., Tuesday, Sept. 26.

NO. 125

THE DANCEGOT THEIR PAY

Repairs to Sidewalks Still a Live Topic of Discussion.

Ald. Robinson has a Scheme to Economize on the Present System of Hiring Horses for the Fire Brigade—Nobility Wants to Take the Responsibility for Queen Street.

The Council proceedings last night were somewhat lengthy, but the discussions were upon important matters. The two principal subjects under discussion were the recommendation of the Fire, Water and Light Committee that the contract of Mr. McCoy for horses, help, masts, be renewed, and a motion of Ald. Bogart in reference to the rebuilding or repairing of two pieces of sidewalk.

Those in attendance at the meeting were Mayor Johnson, Aldermen Jones, Robinson, Pantar, Taylor, Hanley, Hungerford, Bogart, La Roche and Starling.

THE TICKET TELLING The following communication was read from the City Solicitor, re exemption to the Mayor, Tickell & Sons:

The Municipal Assessor Act is such that the Council now have the power to grant exemption in whole or in part when a by-law has been passed, approved of by two-thirds of the electors on the voters' list entitled to vote. I therefore think you cannot grant Meares Tickell's request without submitting it to the electors.

Ald. Hanley thought the Council had power to instruct the assessor to assess the property at a certain valuation for a certain number of years.

The Mayor thought that this Council and the succeeding Council could instruct the assessor to tax the property at a fixed rate.

Ald. Hungerford thought it was possible to assist Tickell & Sons we should do so.

Ald. Bogart said he would support anything to assist Meares Tickell & Sons. He moved that the matter be referred back to the Committee for further consideration—Carried.

had advocated the purchase of the water works. If Ald. Robinson could convince him that a saving of \$400 or even less would be effected it would support it.

Ald. Jones said he knew from experience that you could not feed a horse at the sum mentioned by Ald. Robinson, namely, 25¢ cents per day, and keep it in good condition. He could not support any other contract than that proposed to be given to Mr. McCoy.

Ald. Bogart said he came down to listen attentively to Ald. Robinson on this subject, but when that Alderman made statements which were contradicted by the auditors' report of the town he questioned, he could not support him. He thought that Mr. McCoy was just getting a fair price for the services he rendered.

Ald. Robinson said that perhaps those figures were not for one year but more.

The Mayor—We must take those figures as correct.

Ald. Hanley said something had to be done immediately. It takes a long time to train a horse for fire service. If we are to depend on green horses, the result might prove disastrous. He did not believe much could be secured here at the salary named by Ald. Robinson. He thought Mr. McCoy's pay was not excessive.

Ald. Starling said something would have to be done immediately. Ald. Robinson's contract expired on October 1st. There was, however, a clause in the agreement between the City and Mr. McCoy that the contract could be terminated with three months' notice. The drivers hired by Mr. McCoy also assisted at fires, which should be considered.

Ald. Hungerford said all the members wanted to save money for the City. Mr. McCoy's horses were well trained. He would however support the Committee's report. Ald. Pantar said the contract expired on Oct. 1st, and he would support the amendment. If the saving is not very material, he would not advocate it. The contract with Mr. McCoy could be terminated.

The Committee's recommendation prevailed with the understanding that the matter was to be looked into and, if a saving could be effected by the City, the lease was to terminate at the end of three months.

The account of the L. O. O. F. band for an extra concert, \$16.00, caused some discussion.

Ald. Pantar objected to this account being paid. He objected to any individual of the Council authorizing an expenditure of this kind. He did not object to the amount, but to the principle.

Ald. Hungerford said that a large number of prominent citizens had called upon him and requested him to order an extra concert. He believed it and he thought he was doing it for the interest of the citizens of Belleville. He was willing to take all the responsibility in the matter.

Ald. Robinson said the night as he went with the hide. The hide had gone and he supposed we might as well pay this account. There had been, during the year, a great deal of money spent on the hide.

Ald. Starling rose to a question of privilege. He had moved that the question be referred to the Committee.

Ald. Robinson said that a large number of prominent citizens had called upon him and requested him to order an extra concert. He believed it and he thought he was doing it for the interest of the citizens of Belleville. He was willing to take all the responsibility in the matter.

Ald. Bogart said Ald. Pantar had repaired the Mayor's office without consulting the Council.

Ald. Pantar said this was a necessity and not a luxury.

Ald. Hanley said the concerns had given universal pleasure and he would support the payment of the account.

The item named in the report of the American Municipal Association, as to the City sending a delegate to the convention to be held at Toronto in October, was read.

Ald. Robinson said that no action be taken in the matter—Carried.

The Committee rose and reported. On motion the report was received and adopted.

THE SIDEWALK The recommendation that the sidewalk on Baldwin st., west side, be replaced with a stone walk, prevailed.

Ald. Hanley said the appropriation of \$80.00 was about used up and he intended to stop work when it was expended. The appropriation was inadequate for the work needed to be done.

The City Surveyor was authorized to change the old street roller so as to use it in making gravel walks.

ENQUIRIES. Ald. Starling asked what had been done in reference to opening up George st. to traffic.

Ald. Hungerford said he and the City Solicitor had been appointed a committee in regard to it and he had seen Mr. Sills in reference to the purchase, but that gentleman had given no definite answer.

Ald. Hanley said nothing had been done in the matter.

spirit to have granite walks placed in these localities. It would in his opinion be a bad precedent. He would not put this motion until a motion was introduced the one passed in April prevailed.

The Street Surveyor said the walks referred to needed attention.

In answer to a question as to whether gravel walks there would suffice, he said they would.

Ald. Hanley said gravel walks were good enough for any part of the City. They could be put down at about one-half the cost of board walks, and would last ten times longer. If citizens were not prepared to pay for granite, the gravel walks would suffice.

Ald. Pantar would support the motion of Ald. Bogart. He did not think the gravel walks would prove a success.

Ald. Robinson was going to support Ald. Bogart's motion. From what he had heard the gravel walks were not a success.

After some further discussion the motion of Ald. Bogart was amended that the sidewalk referred to be repaired, which motion prevailed.

The Council then adjourned.

Charged With Non-Support.

John Hutchison was this morning charged before the P. M. with neglecting to properly support his wife and family.

The wife testified that they had been married 15 years and had 6 children. Her husband did not properly care for or support them, drinking to quite an extent. The Magistrate after giving Hutchison a reprimand allowed him to go with a caution.

Strictly True

In every respect and attested by the testimony of thousands that Putnam's Painless Corn Extractor is a sure and painless cure for corns. The claim that it is just as good as those endeavoring to palm off imitations for the genuine only proves the superiority of Putnam's. Use only Putnam's Painless Corn Extractor. Sure, safe, painless.

WHAT PEOPLE ARE SAYING

That it will be "brown October" this year for sure.

That the closed street cars should be put into use on a day like this.

That the ice cream signs should be stored away till next summer.

That it is time people who have Maximal aspirations were letting their intentions be known.

That the jury in the Ponton trial only took seven minutes to make up their minds as to the verdict.

That now the Ponton case is settled, the doing of Uncle Paul and the good yacht Shumrock will have a chance.

That just now, if anybody has a little sympathy to spare, he can bestow some of it on our rural neighbors who have, in many instances, had their fall fairs spoiled by the wretched weather. In a good many places there won't be a man to see the fair.

That it is a good thing in one way the Toronto Highlanders are not to be allowed to go to New York. Travelling to a foreign country at this season of the year without their unmentionables, they would be sure to catch cold. We can't afford to lose any of our brave boys just now, at least, not until the Boers have given up kicking for trouble.

That that excellent institution, the Y.M.C.A., should receive better support from our citizens. It has in the past done a good work and may be relied on to do so well, if not better, the coming winter. With a live Secretary and a hustling and aggressive staff of officers, they propose, we propose, to fully live up to their triangular motto, "improve the mind, strengthen the body, save the soul."

That the Belleville Camera Club can make itself useful just now. If every member of the club will just take a snapshot of the old Dundas st. burying ground and present a proof of it to some member of the vestry-steeple-church in this vicinity, there may be something good come of it. Surely, if they have the evidence right before their eyes of the deplorable state of that neglected spot, they can't help moving in the matter at once.

That the Kingston Whig hits the nail squarely on the head when it prints the following: "There are many men serving time in the Kingston penitentiary who could be got to sweat to anything under the sun for a pound of tobacco. Many of this class come out of prison with a sad story of ill-treatment, and sympathetic people will shed tears over their misfortune. Hardly have some left the city limits before they are again steeped in crime."

That the difference between Law and Justice was never more strongly exemplified than in the case of Robert Mackie. The Kingston Times has the following trenchant comment: "Now the man, Mackie, who is to serve by far the longest sentence, was, on the testimony adduced, not so active a factor in the bank burglary as either Pare and Holden. Not only so, the evidence on which Mackie was committed to prison, was almost wholly given by Pare and Holden, and were equally given against Ponton. Yet the Colours jury refused to believe this testimony, and in face of it brought in a verdict of not guilty; but to the Kingston jury it seemed so convincing as to warrant a verdict of guilty in the case of Mackie. The result furnishes one more illustration of the great inequalities to be met with in the administration of justice in our criminal courts."

THE FRANKFORD FAIR.

A Large Attendance and a Successful Exhibition.

The Races Excellent—Cattle and Horse Exhibits Fine—Beautiful Weather Favored the Show.

The directors of the Frankford Agricultural Society have good reason to congratulate themselves on the success of their annual exhibition, which, as usual, was first-class in every respect, both in point of attendance and exhibits. The weather during both days was good, which had much to do with the success of the show.

The first day's attraction consisted chiefly of racing, and it was the opinion of all that no better sport of the kind had ever been seen in Frankford. Following are the summaries of the different events:

INSURGENTS WERE ROUTED.
Gen. Snyder Gained a Decided Victory Near Cebu.

The Tagabuanas Took a Hand In—They Were Abashed Ship Ready to Start for Home, But Went Ashore for the Fight—Captured Americans Are Now Fighting for Aguinaldo as Officers.

Washington, Sept. 27.—A despatch has been received from Manila by the War Department, stating that Gen. Snyder attacked the position of the insurgents five miles west of Cebu and destroyed several forts and a number of smooth bore cannon. The insurgents were utterly routed, and Snyder returned with his force to Cebu. The Tagabuanas were already aboard transport to come home, but disembarked to take part in the engagement.

Two English Prisoners.
Manila, Sept. 26.—Two Englishmen, who have been held by the insurgents since June, have arrived at Angeles. They report that the Filipino Congress has resolved that four American prisoners shall be surrendered on Wednesday or Thursday. They have, however, no information as to the whereabouts of Capt. Charles M. Rockefeller of the 19th Infantry, who disappeared in April last, and of whom no trace has been discovered. They also report that three Americans who were captured by the rebels are acting as officers in the insurgent army.

Victory for Col. Snyder.
Manila, Sept. 27.—Col. Simon Snyder, commander of the 19th Infantry, with 517 men, has captured the insurgent forts in the Island of Cebu. The insurgents were completely routed. The Tagabuanas had one man killed and four wounded. The enemy is believed to have lost 40 killed.

Marvellous Development of the Trade of the Dominion.

Ottawa, Sept. 27.—The trade figures of the Dominion for the month of August last were issued by the Department of Customs yesterday. They show marvellous development in Canada's trade, as compared with the same period in 1898.

For the month the aggregate trade increased by \$9,017,804, as compared with August last year.

The imports show an increase of over \$3,000,000, while the exports are nearly \$6,000,000 greater than for August 1898.

There is an increase in duty of \$978,000. Details are as follows:

DEWEY AHEAD OF TIME.
Flagship Olympia Has Anchored Inside Sandy Hook.

New York, Sept. 27.—Much to the surprise of the city, the U. S. S. Olympia, with Admiral Dewey on board, arrived off Sandy Hook yesterday morning. There was a heavy mist on the sea. The flagship came up to the lower bay and anchored inside Sandy Hook. As soon as the admiral's ship had landed, the other ships of the fleet followed, and that all on board were well and glad to be home again.

Admiral's Salute.
For the first time in many years, an Admiral's salute was fired in New York Bay. Fort Hancock saluted with 17 guns when the Olympia passed, coming in. There was no demonstration of an official character.

Reported to Washington.
Washington, Sept. 27.—Admiral Dewey has reported to the Navy Department the arrival of the Olympia off Sandy Hook.

FIFTY THREE LIVES LOST.
Dire Result of the Great Storm OF the Newfoundland Coast.

St. John's, Nfld., Sept. 27.—The loss of another schooner reported as the result of the recent gale. She was foundered with six men, bringing the total of lives lost up to 53. Reports from remote sections of the island confirm the fact as to an extensive destruction of shipping property. Vessels returning from the northward are also badly damaged.

BRITISH PLUGGING AWAY.
Alaskan Negotiations Are Progressing Agreeably.

New York, Sept. 27.—A London despatch to The Sun says: The Sun correspondent writes from London that Mr. L. D. Davies, Canadian Minister of Marine, and present commissioner to Alaska regarding the Anglo-American dispute, and found his journey over Alaskan charts with the officials of the Colonial Office. He seemed to be well pleased with the results of his visit so far and intimated that he would continue his researches here for some time to come.

He declared that the negotiations between England and Canada and the United States were progressing in the most agreeable manner. He was still a member of the Joint Commission, but he could not tell whether the commission would re-convene.

The only point now under negotiation is the establishment of the junction of the Klondike and Chitkat Rivers. The discussion of this point is proceeding satisfactorily, and he

had no doubt that the matter would be adjusted. As this is now the only point at issue, when it is once settled the establishment of a line through the mountains will be easily accomplished.

Altogether Mr. Louis Davies appeared to take the happiest view of an amicable issue of the affair.

WREATH FROM DREYFUS.
Tribute of Infinite Gratitude to M. Schœner-Kestner.

Paris, Sept. 27.—Upon the occasion yesterday of the funeral of M. Schœner-Kestner, former vice-president of the French Senate, who died Sept. 26, the day paragon was given to the former Capt. Dreyfus, whose steadfast champion he had been from the outset of the revision movement, several speeches were delivered at the eastern station on the termination of the ceremony. The spectators cheered M. Brisson and surrounded his carriage, crying: "Vive la République!" M. Brisson, who was much affected, replied: "Yes, my friends, let us love the republic, but let us not cease to defend it."

Col. Picquart was received with loud cries of "Vive Picquart!" and "Vive la République!" The Figaro says that among the numerous wreaths that were carried off, one bearing the inscription: "To Schœner-Kestner: Infinite gratitude," and signed in small letters, "Alfred Dreyfus."

CHAS. O. BRIGHTMAN, Contractor and Builder, New Bedford, Mass.
PRESTON R. MANFIELD, Treasurer Abbott Tug Co., Dedham, Mass.
HON. GEO. D. ALDEN, Boston, Mass.

The Company owns over twelve thousand acres of rich copper land in Texas, opened, tested, developed and NOW BEING OPERATED. Millions of tons of copper bearing clay and marl running from five to ten per cent., and large quantities of ore carrying from fifty to seventy per cent. copper in sight. Cheaply mined and treated, favorable climate, cheap fuel, and ample water. Stated by geologists, chemists, experts and engineers to be one of the greatest and best in the world. Amount of land, quantity and quality of ore, cheapness of mining and treatment, the increasing demand and profit in producing copper considered, the Boston and Texas Copper Company possesses unequalled advantages and affords the best kind of an investment.

This Company can produce copper as cheaply as any in the world. COPPER MINING IS THE SAFEST AND MOST PROFITABLE OF ALL INDUSTRIES.

Calumet and Hecla ore averages 4 1-2 per cent. copper. It has paid \$62,850,000 dividends Tamarack ore averages 3 per cent. It has paid \$5,910,000 in dividends. Atlantic ore averages 85-100 of 1 per cent. It has paid \$780,000 in dividends. Boston and Montana ore runs 7 per cent. It has paid \$10,775,000 in dividends. Franklin ore averages 1 37-100 per cent. It has paid \$1,290,000 in dividends. The Quincy ore averages 1 8-10 per cent. It has paid \$11,070,000.

THE AVERAGE OF BOSTON & TEXAS ORE IS OVER 50 PER CENT., and of copper marls and clays from 5 to 10 per cent. Both the ore, marl and clay are within a few feet of the surface of the ground, so that the expense of mining and hoisting is minimized. A party of New England capitalists who have just returned from an examination of the mines in conjunction with one of the ablest mining engineers in the country, report the property to be one of the largest and best in America, and to contain inexhaustible quantities of rich copper deposits.

It is estimated that the plant now being arranged for will produce \$3,000 to \$5,000 per day, NET.

Prospectus, engineers' reports, assays and full information will be furnished on application. Remit by check, P. O. order, draft or registered letter to Treasurer. Limited amount of stock only at \$5 per share, full paid and non-assessable, by immediate application.

SCHOONER EMERY ASHORE.
A Coal Carrier In Serious Trouble—The Crew Saved.

Rochester, Sept. 27.—The schooner W. Y. Emery, Captain Alexander Mitchell, which left Charlotte Monday for Montreal, was driven ashore at Bear Creek yesterday afternoon. The vessel is said to be in a bad position, with a heavy list to port and a high sea running. As soon as the Emery's signals of distress were observed by the life-saving station at Charlotte, they secured the tug tractor and launched their lifeboat, and went to the rescue of the crew. The crew were taken off and brought back to Charlotte.

Sancti Quickly.
St. John's, Nfld., Sept. 27.—The schooner Lady of the West, from Labrador, with thirty persons on board and five hundred quintals of codfish, struck an iceberg off the Straits of Belle Isle, sinking almost immediately. The crew were all rescued, but were three days in the boats before they were rescued. All hands suffered from lack of food and drink. They were picked up by a passing vessel.

The Akaka Line Ashore.
London, Sept. 27.—The British steamer Akaka, Capt. J. H. Mitchell, proceeding down the Elbe from Hamburg for Montreal, ran aground at Scheide, and a high sea was towed off later and proceeded.

Former Mayor of Berlin Dead.
Berlin, Oct. 1, Sept. 27.—Ex-Mayor E. P. Watson died suddenly at his home here yesterday morning of heart disease, aged 68 years. He was one of the oldest and most respected citizens of Berlin.

Four Days Without Food.
Port Arthur, Ont., Sept. 27.—Two Americans, lost in the bush at Sept. 26, were brought into town yesterday. They had been four days without food. Their names are P. F. Kennedy and William J. Moore, and E. Eastman of Saginaw, Mich. They were found by Indian police sent out to search for them.

Particulars of the Foundering of the Atlas Line Steamer.
Kingston, Jan. 27.—Particulars regarding the wreck of the Atlas Line steamer Adula, from Kingston to Belmullet, which foundered Monday day off the coast of Jamaica, have just been obtained. She left Kingston with a deckload of 2,000 barrels of sugar, and was bound for Belmullet. She encountered a heavy sea from the windward passage, and the steamer turned over, and sank in 60 fathoms of water about two miles from the shore. The crew had no opportunity to make use of the boats, and tried to reach the shore by swimming. Of persons were in the week, Chief Officer Percy and four women were drowned. The others were rescued by the British steamer E. Eastman of Saginaw, Mich. They were found by Indian police sent out to search for them.

BELLEVILLE, ONTARIO, SATURDAY, SEPTEMBER 30, 1899

NO. 129

FOR HE'S A JOLLY GOOD FELLOW.

That Was What the Boys Sang About Mr. John R. Matheson, Who is Going to Leave Belleville for New York.

Mr. John R. Matheson, son of Mr. Robt. Matheson, ex-Bureau of the D. & D. Institute, who for some time past has been employed as bookkeeper at the Sun office, is about leaving the city. The numerous young friends of "Jack," as he is familiarly called, last evening tendered to him a complimentary supper, which took place at Mr. Jas. Wallace's restaurant, and was a most pleasant affair. The various speakers of the evening referred in complimentary terms to their guest and wished him every success in his new field of labor. Mr. C. C. Leavens most acceptably filled the position of chairman, and upon his right was the guest of the evening. The repeat, which was supplied by Mr. Wallace, was all that could be desired, all the delicacies of the season being provided.

After due justice had been done to the spread the following toast list was replied to, interspersed with suitable songs: "The Queen"—The National Anthem by the company, and responded to by Messrs. J. S. Doyle and E. Harrison. "The British Empire"—Song "Red White and Blue," responded to by Mr. Geo. McLeod, of Montreal. "The Palms," by Mr. Geo. McLeod. "Don't get funny," Mr. Johnson, by H. Lake. "Our Fair Dominion of Canada"—Responded to by Messrs. C. Dickenson, Jas. Wallbridge, V. Wensley, E. Harrison. "Our Guest"—"For he's a jolly good fellow." This toast was appropriately responded to by Mr. John R. Matheson, the guest of the evening.

Song—"Two Children," by Mr. Vincent Doyle. "Our City"—Responded to by Messrs. J. Turley, F. Robinson, E. Green, P. Allan, S. Hyman and C. McKeown.

"Camp Bohemia"—Responded to by Messrs. W. Burke, V. Hyman, L. Adamson and J. N. Doyle. "The Ladies"—Responded to by Messrs. E. Clapp, H. Lake and Leo Riggs.

"The Press"—Responded to by P. Harrison. Song—"Sweet Nancy," by Mr. J. N. Doyle.

Instrumental solo by Mr. F. Robinson. Song—"Soldiers of the Queen," by Mr. J. N. Doyle.

The Chairman—Appropriately responded to by Mr. C. C. Leavens.

Host and Hostess—Responded to by Mr. Jas. Wallace. The pleasant proceedings were brought to a close by the singing of "Auld Lang Syne."

Those in attendance were: Messrs. E. Dickenson, J. Wallbridge, V. Wensley, E. Linder, J. Turley, F. Robinson, E. Green, P. Allan, S. Hyman, C. McKeown, C. O. Leavens, Geo. McLeod, W. Burke, V. Hyman, L. Adamson, N. Doyle, E. Clapp, H. Lake, L. Riggs, J. Doyle and P. Harrison.

WHAT PEOPLE ARE SAYING

That, as usual, a large number of citizens attended the "only" Shannonville Fair, which took place today.

That bicyclists these days have a hard time of it—the mud keeps them off the streets and the "law" keeps them off the sidewalks.

That the performance at the theatre last night played to a small house. It was not a house "greater than has been."

That Jack Frost caught a good many people napping last night, and a good many people are mourning because they neglected to take their plants indoors.

That the article from the Fort Howe Times, printed exclusively in these columns last night, on Monsieur Pare, the Pinkertons and the rest of that ilk, was very favorably commented on.

That Belleville without the farming community would not be very prosperous. Business men who are wise will use THE WEEKLY INTELLIGENCER advertising columns to reach the agricultural community.

That the little which some papers are giving Dewey, "the greatest naval fighter of modern times," needs a good deal of qualifying. But then don't blame George for the reckless assertions of some of those Yankee editors.

That the article simplicity of one of our esteemed contemporaries is quite touching. It says: "Show the howler to your friends and ask them to subscribe for it." We would respectfully suggest that the howler be changed to that it will read: "Don't show the howler," etc. After they have seen it once no power on earth will make them subscribe.

That we are none of us any too glad to think that the snow will soon be here, but then in some cases, a good thing is better than a like-chill—it covers a multitude of sins. Just think—if we had a foot of snow every street in the city would be as smooth as Queen's, and then, how a good deep fall of snow would add to the appearance of the old Dundas st. burying ground!

That many people in Belleville have many ideas concerning the recent theater boxes. They are for letters only. People who want to post newspapers should either take them to the general office or put them on top of the street letter boxes at their own risk. People who trust newspapers into the slot in the theater boxes are taking a big risk.

That the proprietor of a certain store in this city would not have to look very far to find people who want to see the new book of the Rev. A. C. Greaves, General-interest of purchase articles which their business employer deals in and which their husbands tell over the counter. If that isn't looking better to pay full it looks very much like it. That Merchants' Protective Association can't be farred too soon.

That the latest and best thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated globe of health, that changes the weak into strength, stimulates into energy, brain-fag into healthy power. They're wonderful in building up the health. Only 25c. per box. Sold by J. S. McKeown.

IN A NUTSHELL.

Saturday Night Sizes Up the Ponton Trial.

The case is over. Saturday night has never wavered in its faith in W. H. Ponton and is greatly pleased because of his acquittal. Foreign, private and iron-punching detectives have received discouragement. We do not want them in Canada at all. Repeatable officers, responsible to the Government, should be the only secret agents of the Crown. Only such men should be permitted to search the premises of suspected persons, since all the subsequent proceedings—of judge, Crown prosecutor, jury, even the hangman—may swing into place and depend upon the result of that search. Detective works play too vital a part in the processes of justice to permit of being entrusted to the passing stranger.

AN INCORRIGIBLE YOUTH.

Sent to the Reformatory for an indefinite period.

A boy named James Jackson, was yesterday afternoon brought before the P.M. on a charge of vagrancy. It appears that the lad, who is about 14 years of age, has no parents and relatives here, and will not stay with those who would take care of him. It was alleged that every cent of money he could procure, would be spent for cigarettes. The magistrate ordered him to the Reformatory at Penetanguishene, for an indefinite period, not to exceed 5 years.

To Oblige Some

Disappointed stamp collectors we will take orders for Double Stamps the three first days of next week. Remember they are also good for ordered clothing and Boys' and Men's Ready-made Suits and Overcoats.—THE PATERNON CO. SYNDICATE STORE.

Privation at Dawson.

Toronto, September 29.—Mr. Francis E. Rutland, of Dawson City, is at the Rosine House, on his way to England to secure capital for investment in the Yukon district.

"There are," says he, "at least ten thousand men in Dawson for whom there is no work, and who are unable to get out. There is nothing for them to do, and they are bound to suffer great privation during the coming winter."

A Very Poor Performance.

"Under Two Flags," as presented to a Belleville audience at the theatre last night, was far from good. The company was poor outside of the leading man and a sub-plot. The leading man, however, as we saw, was a "pew," gazed at times a poor specimen of an actor.

First-Class Clothing.

Take in consideration this fact—The Oak Hill carry a first-class stock of made-up clothing. Such garments as we turn out are only equalled by fine tailor-made work. The only competition we recognize in Belleville are the tailors. Our stock grades so much higher than the ordinary ready-made stocks that a customer need not be at all a good judge to see the difference. We have a ready-made comparison all around. We have a ready-made comparison all around. We have a ready-made comparison all around.

Police Court.

Mrs. Bridget Clapper was yesterday afternoon on trial before the P.M. charged with using insulting language to Joseph Denny, a neighbor. The language alleged to have been used was shocking. The Magistrate deferred judgment for a week, and told Mrs. Clapper that she must leave the place where she now resides.

Right on Time.

Something extra really in light top coats just in. You'll like the style, fit and price. Also a heavier coat in black, blue and brown that is a beauty. At McKENRY'S.

Trade at Home.

How can our City thrive. Her merchants keep alive. No matter how they strive. When householders of note, Their ready cash devote, To others quite remote.

Where great commercial blocks To market bankrupt stocks. Their ads. are simply less Sent out in neat digest. To trap the great revenue.

Our store's the can stand, the test With Eaton's and the rest, Their patron's equal quest. When people trade away Their own money they pay. When our town to-day.

Marine Notes.

The propellers Ocean and Lake Michigan passed up the bay yesterday heavily loaded with freight. The schooner Arcton went down the bay yesterday loaded with grain for Oswego. The schooner Freeman and Pictou are unloading coal at the docks.

ILL TREATED A HORSE

A Boy Sent to Jail For a Month For This Offence.

The 14 James Mayes, who was arrested two weeks ago, on a charge of causing painful injuries to a horse belonging to Mr. Robt. Kerr, of Hungerford, was this morning tried before Judge Laidlaw and found guilty. He was sentenced to 30 days in jail. The boy tied an old pig to the animal tail, which caused it to run away, and in its flight it cut its legs in such a manner as to render it almost worthless. Mr. P. J. M. Anderson appeared for the Crown, and Mr. Wm. Carrow for the accused.

PICTON FAIR.

A Successful Exhibit—An Up-to-Date Show. Pictou, Sept. 28.—The second day of the Prince Edward County Fair, held here, was a great success financially. The weather was all that could be desired.

Excursions from Geo. Hill and along the line of the C.P.R. to Belleville, Napanee, Deseronto and Cape Vincent filled the town with visitors. Over three thousand adult tickets were sold today. The races yesterday were quite a success, and the horse show both days was pronounced the best known between Quebec and Hamilton. The produce of fairs work showed that Prince Edward people were thoroughly up-to-date.

An Old Maids' Concert.

Pictou proposes having a "spinster" concert on Monday evening. We know of no place where a larger chorus for such a concert could be held. It is stated that several ladies from this city will be present. As we have an abundance of hotel suits their names are withheld from publication.

The Patterns in Our Fall Suits.

Makes our stock the most stylish to be seen in this City. The desirable suit is the rule here—not the exception. Reasonable prices is another rule. Grand values in men's suits at \$5, \$6.50, \$8 and \$10.—QUICK & ROBERTSON.

Y.M.C.A. Notes.

The Secretary of the Y. M. C. A., will begin a series of studies on the "Jewish Race" to-morrow at 4:15. The talks which are free to all men will be held in the rooms, and will be preceded by showing how excesses of any kind give to social workers, can be met from scripture.

The Dan Godfrey Band.

The agent of this great Military Band, Mr. W. W. Power, has been in the city and made all arrangements for this popular musical organization to appear here on Monday, Oct. 16th, at the Opera House.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at J. S. McKeown's drug store as their giving away to their many customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable remedy, from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup and all throat and lung troubles are quickly cured. You can test it before buying by getting a trial bottle free, large size 50c. and \$1.00. Every bottle warranted.

The Ill-fated Scotsman.

Two of our local merchants, namely Messrs. Geo. Ritchie & Co. and Quick & Robertson had goods upon the ill-fated steamer Scotsman.

ELDORADO.

A car of barley containing about 1000 bushels has just been shipped from Eldorado by Mr. A. F. Wood, who is buying grain at the elevator here. It is for export, and goes via Central Ontario and C.P.R. Railways, to the seaboard. This is the first of the season. Crops of all kinds are extra good in this neighborhood, one party threshing over 900 bushels bright barley from 21 acres. The latter part of the season has been very good, but the late rains have come in good time. There is no doubt of this being a good season for farmers.

One of the Wallbridge House is being steadily shipped from this station to Hamilton and quantities from one of Geo's mines are being shipped over the same road, looking at Hamilton and found highly suitable. It is black magnetic. The probabilities are this mine will soon be worked actively.

Strictly True

In every respect and attested by the testimony of thousands that Putnam's Painless Cure Extractor is a sure and positive cure for corns. The claim that it is just as good made for the genuine only, proves the superiority of "Putnam's." Use only Putnam's Painless Cure Extractor. Sure, safe, painless.

Scottish Heather.

Mr. D. B. Robertson, City Clerk, this morning received a present of a quantity of Scotch Heather, which was recently picked from Callaghan Moor, Scotland. It was secured by a brother of Mr. A. Milne, a former Bellevillian.

DOCTORS IN LINE. Prejudices all vanish, and they prescribe Dr. Agnew's Ointment because its Virtues Demand Recognition. Dr. M. Barkman, of Blenheim, N. Y. writes: "Send me 12 dozen more of Dr. Agnew's Ointment. I prescribe large quantities of it in all my cases. It is a grand remedy for rheumatism, neuralgia, and all skin diseases and a never-failing cure for piles." The strongest evidence of its virtue is that doctors can so highly recommend it. One Bellevillian.

A DYSPEPSIA CURE

Ever Reliable and Welcomed by the Most Delicate Stomach of Dr. Von Stan's Pineapple Tablets. Let the worst dyspeptic eat a pineapple a day for six months, and, as a result, feel like a new person. The reason is plain. The pineapple holds a generous supply of vegetable acids, which, next to the juices of the stomach, is the greatest digestive known. Very few people can obtain the daily pineapple but everyone can get Dr. Von Stan's Pineapple Tablets which are mainly composed of this precious fruit juice. They are eaten as candy, as harmless as ripe fruit, and always give satisfaction. They cure all digestive troubles. Box of 60 Tablets, 35c. Sold by J. S. McKeown.
